3-3-25

Dear Amazing Parents,

The countdown is on! We're just 5 weeks away from our Academic Super Bowl - the M-STEP and PSAT - and this is our moment to shine together. Your children have incredible potential, and with your support, they can reach new heights!

Here's how you can be part of this exciting journey: Encourage your scholar Kindergarten thru 8th Grade to spend 40+ minutes each week on Exact Path, mastering both math and reading. When they earn two trophies in each subject, they're not just winning awards - they're building confidence, knowledge, and a foundation for success.

Every Monday, we'll celebrate their achievements with a special reward email. Think of it as a weekly high-five for their dedication and hard work! Our 3rd through 8th grade scholars are capable of amazing things, but they need their biggest supporters - you - cheering them on. Together, we can make these next few weeks count in ways that will impact their entire academic future.

Will you join us in empowering our scholars to reach their full potential? Your encouragement and support make all the difference. Let's show our children what they can achieve when we believe in them!

Our recent data analysis reveals both challenges and opportunities. While our second-grade students are meeting usage standards—a testament to what's possible—we know our full potential remains untapped across other grade levels. This isn't just about logging in; it's about meaningful engagement that transforms our scholars' academic journeys. Every minute spent on Exact Path represents an opportunity for growth, for closing achievement gaps, and for building the foundation of our children's future success. February's data showed we fell short of our goal: having 80% of students in each grade earning two trophies weekly in both math and reading. But within this challenge lies an invitation—an invitation for us to unite as a community of parents and educators. Your role in this journey is invaluable. When our scholars engage with Exact Path at home, they're not just completing assignments; they're strengthening their academic skills, discovering their capabilities, and moving closer to their full potential. As parents, we share a profound vision: to see our children thrive, to watch them overcome challenges, and to celebrate their achievements.

Together, we can transform evening hours into powerful learning opportunities. Let's commit to supporting our scholars on Exact Path, not because it's required, but because we believe in their ability to soar. Every login, every completed lesson, every mastered skill brings us closer to our goal—and more importantly, closer to unlocking each child's boundless potential.
