

STUDENT PARKING INFORMATION for 2025/2026

We will be kicking off the **2025/2026** parking application process on Monday, March 31st for the incoming Seniors **ONLY**, then on Monday, April 7th for incoming Juniors. Students will need to go to the SDOHS website to access the parking application and they must be logged in using their assigned DVUSD assigned student email.

Once the student applies, all the required documentation below must be emailed to Lisa.Shackley@DVUSD.org. Please ensure that the dates on the documentation are **NOT** expired, this will delay your application getting approved. We will not approve your application until we have received ALL active documents. The required documents are;

- Graduated Drivers license (if you are waiting for plastic copy, we will accept a copy of the paper one)
- Valid Vehicle Registration - **NOT expired**
- Valid Vehicle Insurance - **NOT expired**
- Copy of current student ID

Students **can** apply for parking if they only have their drivers permit, however, they will **not** be approved until they produce a copy of their actual graduated drivers license (paper or plastic copy). Once all spots are full, the waiting list will begin and students will be added in the order in which they are approved.

If you are approved, groups of emails will begin going out 10-14 school days after the application process goes live. Payment information will also be included in that email. The cost is \$100 per spot.

Hang tags will be distributed in July, watch for emails regarding those important dates.
