MTS Process & Timeline

Multimodal Transportation Study (MTS)

Cameron Mills Road: Proposed Conditions

Existing Vehicular Parking

Parking demand adjacent to the school (during school hours) peaked at Noon

School staff observed parking:

- On Site (21) cars
- Church parking lot (20 cars)
- On Street (21 cars)

Overall parking adjacent to school was 30% occupied with 152 of 506 spaces being used.

56 parking spaces proposed in two (2) on-site parking lots

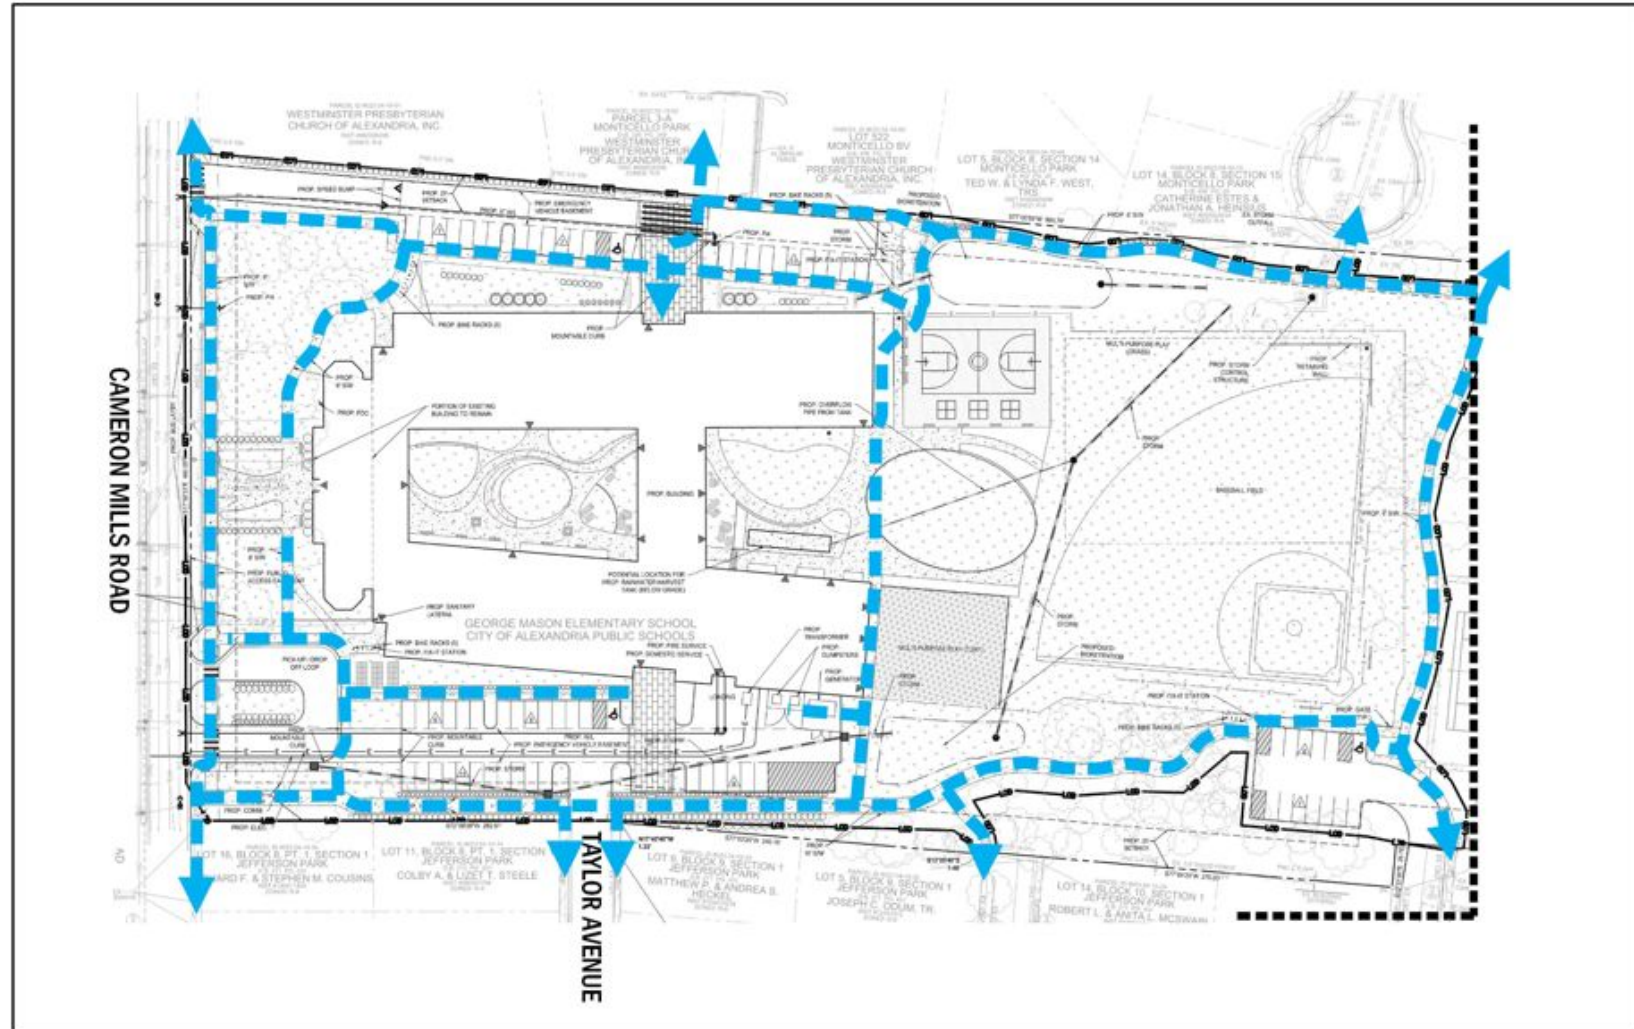

Proposed Site Operations: Walking Routes

Safe Routes to School survey found 36% of students walk to school

Recommend providing porosity through the site to enable walking access for students coming from different directions
