

## **NOTICE OF CONSTRUCTION**

### **Wood Middle School Construction and Modernization Measure B Facilities Bond Project**

Alameda Unified School District (AUSD) would like to inform you of upcoming work at Wood Middle School, 420 Grand Street.

Initial pile driving will occur between November 11-15, which will cause a noise disturbance during construction hours. Additional pile driving is scheduled for early 2025, and we will notify neighbors before that work begins. The entire project is expected to be completed in time for the 2026-2027 school year.

This complete rebuilding of the Wood campus will include:

- A new two-story classroom building, administration/library building, and gymnasium
- Removal of the current primary classroom building
- New landscaping, including green spaces
- A new access road connecting Otis Drive to Grand Street

For more information, visit our website at [www.alamedaunified.org](http://www.alamedaunified.org) and search for "Wood Middle School construction." If you have any questions, please contact the AUSD Construction Department at (510) 337-7020 or by email at [construction@alamedaunified.org](mailto:construction@alamedaunified.org).

**We understand construction may cause some disruption, but we are excited to be building a modern learning facility that will benefit students and the community for years to come.**
