

CISD

POINTS OF PRIDE

FUTURE EDUCATORS

On February 16-19 four students from Crowley High and three students from North Crowley High participated in Texas Association of Future Educators (TAFE) state competition in Galveston, Texas. Katelynn Lam and Coryn Trice placed and will advance to the 2025 Educators Rising National Conference which will be held in Orlando, Florida from June 26 to 29, 2025. Congratulation to Katelynn and Coryn. We look forward to seeing all our TAFE students in a classroom right here in CISD!

VOTER EMPOWERMENT

This year, we have expanded our Student Voter Empowerment Clubs to our 9th grade campuses. Our students are eager to learn more about the importance of social engagement and are preparing for an upcoming Elected Officials Forum. Awesome work!

STAY SAFE SERIES

On Tuesday February 25, The Women's Center hosted its second installment of the "Stay Safe Series", specially designed for CISD parents. Over 30 parents attended the virtual English session and over 10 attended the Spanish session. The next event is planned for Tuesday, March 11.

FINANCIAL LITERACY BOOTCAMP

On Saturday, March 22 during the Black History Quiz Bowl, CISD Student Services hosted a very successful Financial Literacy Bootcamp. This event had close to 100 attendees and was hosted by Mr. Rashad Muhammad, Mr. Clarence Grier with RBC Capital Markets, and Mr. Tim Bostick with JP Morgan Chase Private Bank. Crowley Pride Unified!

Crowley Independent School District

CULINARY ARTS

On Friday, February 21, 74 culinary arts students earned their Level 1 Certificate from Lamar State College. The ceremony, led by our college partner, showcased this valued partnership. We are so proud of these students—congratulations to all. We are very proud.

BILL R. JOHNSON CTE

The Bill R. Johnson CTE Center needs gently used navy, grey, and black suits for student interns interviewing with Lockheed and Bell. In CISD, we're family, so we are excited to make this happen for our students.

FUTURE ENGINEERS

On March 4, Crowley pride will shine as 75 juniors (incoming seniors) take part in the Future Engineers STEM Internship Interview Workshop—a key step toward career success. Students will engage in three impactful breakout sessions:

- ✓ Dress for Success – Understanding the power of professional attire.
- ✓ Resume Review – Where engineers provide direct feedback for improvements.
- ✓ Cosmetology/Barbering Consultation – Where students learn personal grooming tips

A huge thank you to the professionals working together to prepare our students for success. Crowley pride...unified!

MENTAL HEALTH SYMPOSIUM

We are still receiving positive feedback about the CISD Mental Health Symposium, and we couldn't be prouder. On Saturday, January 25, over 300 registrants attended 60+ expert-led sessions on stress management, anxiety, depression, and building healthy relationships. The event also featured a resource fair with 30+ vendors offering products and services to support mental well-being. But in CISD, mental health awareness isn't just a once-a-year effort. We proudly employ 40 certified counselors and partner with mental health agencies to ensure our students have the tools they need to succeed.
