

Board Bylaws

ANNUAL CSBA CONFERENCE

Board members are encouraged to attend and participate in the CSBA Annual Conference in an effort to familiarize themselves with the many issues facing board members and school administrators.

New board members are especially encouraged to participate in the New Board Member Workshop for the insights on appropriate board behavior, the intricacies of the Brown Act, a primer on school finance and other building blocks for understanding the new position.

The district shall not pay for board member who are leaving the board by virtue of non-reelection to attend the conference unless the board member is presenting on a panel at the conference on behalf of the district.
