

Comprehensive Progress Report

Mission: Sedalia students will graduate as responsible citizens prepared to succeed in higher education and in the career of their choice.

Vision: Together we grow!

Goals:

- Increasing School Performance Composite: By June 2024, Sedalia Elementary School will increase overall Performance Composite from 46.7% to a minimum of 49.7%. (C2.01)
- Achievement Gap Goal: By June 2024, the student achievement gap in grades 3-5 Reading within the subgroup of African American students is to raise the proficiency level for African American students from 42% to 44%, (6.2% current difference, White 48.2%). (B3.03) (C2.01)
- Reduction of Loss of Instruction Days (Discipline): By June 2024, reduce the number of lost instructional days from 17.3% to 7.3%. 100% of classroom teachers will address the impact of lost instructional time, respond to students’ social, emotional, and academic needs, and support the implementation of evidence based social emotional learning (SEL) competencies into their lessons. Teachers will utilize restorative practices in order to maintain students in the classroom. Teachers will be able to utilize the opportunity for self-care as part of the SEL component for adult SEL. (A.4.06)
- Reducing Percent of Chronically Absent Students (Attendance Goal): By June 2024, Sedalia Elementary will decrease the percentage of students in chronic absenteeism from 29.4% to 24.4% and continue to identify students and families in need and provide support where appropriate. (A.4.06)
- MTSS (FAM-S Item #21): By June 2024, Sedalia Elementary School will establish a baseline number of engaging opportunities for students, families, and community stakeholders in addition to a baseline percentage of students, families, and community stakeholders who are actively engaged in all tiers of MTSS will be established.

Target Date

Initial Assessment:	Teachers provide instruction in a variety of ways. Teachers lead whole group lessons in a teacher directed fashion, following gradual release model. Teachers, Teacher Assistants, Tutors, and Instructional Support Staff provide instruction in small groups. This is most evident during differentiated skills groups in K-5 RIME. Moving into the 23-24, we are fully implementing. We are 1-to-1 with technology which brings opportunities but also a need for defining technology as a tool to support learning and compliment instruction.	Limited Development 10/22/2019		
	Priority Score: 3 Opportunity Score: 3	Index Score: 9		
How it will look when fully met:	<p>Sedalia Elementary will exit the TSI status when this objective has reached full implementation, an observer will see a variety of instructional models across the school. Teacher directed whole group instruction will be focused on a North Carolina Course of Study standard with mastery teaching, including:</p> <ul style="list-style-type: none"> • “Cues” show students what is to be learned and explain how to learn it. • “Engagement” is the extent to which learners actively and persistently participate. “Corrective feedback” remedies errors in oral or written responses. • “Reinforcement” is illustrated in the efforts elicited by athletics, games, and other cooperative and competitive activities. <p>Small-group instruction takes places as an effective follow-up to the whole-class presentation. The groupings are fluid, rearranged frequently in response to particular learning needs.</p> <p>Instructional practices through technology are used to individualize instruction, provide a well-organized presentation of material, offer feedback, and allow students to progress at their own rate.</p>	Objective Met 10/11/23	Yvonne Eason	06/30/2024

<i>Initial Assessment:</i>			<p>It is the policy of the Guilford County Board of Education that a continuous system of recruitment and selection of personnel be maintained in order to assure competent candidates for vacancies as needed. The district attaches a high priority to securing the most competent personnel available and, once they are employed, assisting them in their professional growth and development throughout their careers. The district regards a personnel evaluation plan as a critical and essential part of professional growth. The Board acknowledges that the most important aspect of attaining excellence in education is the quality of the teaching staff and the administrative staff. The Board, therefore, adopts as policy and states its determination to strive for such excellence, and further declares its intent to employ and reemploy only those teachers and administrators who possess, have exhibited, and continue to strive for excellence in their preparation for, the performance of, and contribution toward the educational process. Achievement of a proficient rating on the North Carolina Teacher or Administrator summative evaluation is the minimum acceptable standard of performance for teachers and administrators in this school system. Initial Assessment:			Teachers and administration communicate with families through newsletters and Connect Ed messages, updating them with curricular news, important/upcoming dates, and classroom needs/news. We have held a curriculum night already this year, and require 1st and 3rd quarter conferences. We send home progress reports that include comments about their child's needs according to the common core standards. Although we have had curriculum night, our participation is below 50%. We would like to have more participation from parents for events like this.	Limited Development 09/17/2021

How it will look when fully met:			The school communicates with parents/guardians in a variety of ways to best connect with the stakeholders. The school shares its expectations of the family and the importance of the curriculum of the home. The school provides support and guidance in maintaining the school-home partnership.
