(CLOSES AT 5:30pm)

5-6pm

DINNER

Your dollars will support the Foundation's initiatives along with the LAUNCH Program. This request supports guest speakers, the learning space, equipment, technology, and supplies for student projects. Funding LAUNCH, a program that has grown from 70 students to nearly 500, will help create opportunities for students to expand their profession based learning, and provide an incentive to make and create for our community.
