

STUDENTS

FAMILY TIME

I. INTRODUCTION

The Martin County West School Board recognizes the tremendous stresses place on families. The board also recognizes the role of the school and school activities in further exacerbating the situation. In order to provide the opportunity for at least some times when the family can be sure that there are no school activities to interfere with family time, the MCW board has established this policy.

II. GUIDELINES

- A. Sunday and Wednesday evenings are designated as “family time” for the purpose of this policy.
- B. Wednesdays and Sundays are days that will not be used for any Comm. Ed. programs involving students (K-12) unless consent is given by the MCW School Board. Adult Comm. Ed. programs may be offered on these two days (Wednesday and Sunday). Any clarification or exceptions needed will go through the Superintendent’s Office.
- C. All students must be out of the school activities by 6:00 p.m. on Wednesdays. That means that practice must have ended early enough to have allowed ample time for showering and change clothes, etc.

III. EXCEPTIONS

- A. Events such as parades, trip departures, and activity banquets may necessitate a Sunday scheduling. However, all such items will be decided individually on their own respective merits. Further, it is emphasized that any items to be considered will be exceptions to this policy and consequently may not be approved.
