School 2 Go is a program created to meet the needs of K-8 students and families who are new to the SVEC parent partnership model. In this program both students and parents will get the supports they need to become successful in our alternative education setting.

School 2 Go is flexible enough to work for a wide range of students. Students can take on campus classes alongside School 2 Go or they can choose to be entirely distance learners.

The School 2 Go program provides materials and structure for instruction all four core subject areas: English Language Arts, Math, Social Studies, and Science.

The School 2 Go Program

School 2 Go at SVEC is a distance learning program that provides materials and structure for core subject areas. It is an option for all students grades K-8. The program can serve as a great way to introduce your family to the SVEC parent partnership program.

School 2 Go students at SVEC are considered to be enrolled full-time. This program counts as four classes for the purposes of SVEC's schedule, leaving your student free to take three additional classes on campus.

SVEC provides a complete program including pacing guides, core curriculum, workbooks, and digital resources. The School 2 Go program covers English Language Arts, Math, Social Studies, and Science. There is some customization possible within the curricula that are available.

Distance Learning

At SVEC, teachers create partnership with parents to bring learning to their student. As a distance learning program, School 2 Go is structured with limited interaction between student and teacher.

School 2 Go program students only need to make contact with their teacher once a week. The program has options to make this contact either in-person at school or virtually via Zoom.

School 2 Go Main Curriculum

- English Language Arts
  - **Explode the Code:** K-3rd
  - **Winning with Writing:** 3rd-8th
  - **Great Works Literature:** 3rd-6th
  - **Lightning Literature :** 7th-8th
- Math
  - **Math Mammoth:** 1st-7th
  - **Saxson Math:** 6th-8th
- Social Studies
  - **Evan Moor Daily Geography:** K-5th
  - **US History Series:** 6th-8th
- Science
  - **Mystery Science:** K-5th
  - **Focus on Middle School Science:** 6th-8th

Please note that high school credit is NOT available through the School 2 Go program.

Is School 2 Go Right for You?

Are you a first-time homeschooler?
School 2 Go was created to guide families new to homeschooling as they navigate SVEC's parent partnership model. The program includes structures that help new families adjust to learning outside the bounds of traditional school.

Do you want all the core content together?
The School 2 Go program is built to cover all four core subjects in one class. Get your student's ELA, Math, Social Studies, and Science all in one place, all from one teacher.

Do you worry about keeping pace?
One of the key materials that School 2 Go provides is a pacing guide. It outlines for you and your student what work needs to be done every week. It gives enough structure to keep on track, with the flexibility to adjust to your family's schedule.

Do you need less time on campus?
The School 2 Go program allows for virtual contact with your teacher. Regular presence on campus at SVEC is not required.
