

# STRATEGIC OBJECTIVES 2025-2030

**MILLFIELD**

# Welcome

Millfield is unique. Many schools assert the same but in fact they are usually clones of each other. Millfield's founding philosophy and intake demand a unique approach and nothing else would do. Most students choose Millfield because of our unique offer in the following key areas:

- Sport
- Full Boarding Provision
- Opportunities
- Facilities
- Additional Education Needs

Our strategic objectives have been refined to allow us to focus, build upon and be sector leading in these areas. The vision for Millfield in five years is that we will continue to be a full boarding school. Sport will continue to be a driver for children coming to Millfield. We will be crafting children who are leaders, and they are leaders for the modern world, they are disruptors and they are that way because of our education which honours every single individual in the school. We will use these objectives to guide our developments and to measure our success.
