

Hiring Event

Special Education Paraeducators

Join our team to support teachers and students in special education classrooms. Responsibilities include assisting with classroom activities, working one-on-one or in small groups with students, and supervising student activities. These part-time roles are perfect for parents, grandparents and community members looking for work that aligns with school schedules. Enjoy working the same days students attend school, with the same breaks off, and make a difference in students' lives.

March 12, 2025

2 p.m. to 6 p.m.
