IRAN ENERGY SECTOR DIVESTMENT BID CERTIFICATION

As a result of the Iran Divestment Act of 2012 (the "Act"), Chapter 1 of the 2012 Laws of New York, a new provision 165-a has been added to the State Finance Law, and a new provision 103-g has been added to the General Municipal Law, effective April 12, 2012. The New York State Commissioner of the Office of General Services ("OGS") will be developing a list of prohibited entities detailing "persons" engaging in "investment activities in Iran," as defined within section 165-a of the State Finance Law. Pursuant to State Finance Law § 165-a(3)(b) and General Municipal Law § 103-g, the initial list is expected to be issued no later than 120 days after the Act's effective date, at which time it will be posted on the OGS website.

By submission of this bid, each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint bid each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each bidder is not on the list created pursuant to paragraph (b) of subdivision 3 of section 165-a of the state finance law.

By submission of this bid or by assuming the responsibility of a Contract awarded hereunder, each bidder/contractor (or any assignee) certifies that once the prohibited entities list is posted on the OGS website, it will not utilize on such Contract any subcontractor that is identified on the prohibited entities list.

Additionally, each bidder/contractor (or any assignee) is advised that once the prohibited entities list is posted on the OGS website, any contractor seeking to enter into, renew, or extend a contract or assume the responsibility of a contract awarded in response to the solicitation, must certify at the time the contract is bid upon or a proposal submitted, or the contract is renewed, extended, or assigned that it is not included on the prohibited entities list.

Pursuant to section 103-g of the General Municipal Law, a bid shall not be considered for award nor shall any award be made where the bidder has not made the above certification, provided, however, that if in any case the bidder cannot make the foregoing certification, the bidder shall so state and shall furnish with the bid a signed statement which sets forth in detail the reasons therefor.

During the term of the contract, should the District receive information that a person is in violation of the above-referenced certification, the District will offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment which is in violation of the Act within 90 days after the determination of such violation, then the District shall take such action as may be appropriate, including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the contract in default.

The District reserves the right to reject any bid, proposal, or request for assignment for an entity that appears on the prohibited entities list prior to the award of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the prohibited entities list after a contract award.
