Help create our 2026 Water Conservation Calendar!

Hello Teachers!

Since 2005, local students have helped Hillsboro Water publish a Water Conservation Calendar. Students are asked to create and submit artwork inspired by each year's unique calendar theme to encourage water-saving efforts throughout the community.

Beginning in 2026, Hillsboro will incorporate water from the Willamette River into its water supply system. To celebrate this exciting development, the theme of the 2026 calendar will be "Welcoming Willamette Water." This new water source will help ensure Hillsboro has a reliable supply to support the city's ongoing growth and provide redundancy in case of an emergency. Visit Hillsboro-Oregon.gov/Water or OurReliableWater.org for more information about the Willamette Water Supply System.

To submit student artwork, please email a scanned copy to Amy Meaut or mail a physical copy to the City of Hillsboro Water Department, listed below. Artwork must be submitted by Friday, April 4, 2025. We look forward to seeing artwork from your students!
