

REPORT TO THE ZIONSVILLE COMMUNITY SCHOOLS BOARD OF FINANCE REGARDING THE FINANCIAL CONDITION OF THE SCHOOL CORPORATION

By statute, the Fiscal Indicators Committee (FIC), which was established by law essentially as a role of the Indiana Distressed Unit Appeal Board (DUAB), is required to designate certain qualitative and quantitative measures of school corporation financial and operative well-being. Formally, these are called the School Corporation Fiscal Indicators ("Indicators"). The factors currently established as Indicators by the FIC are as follows:

1. ADM
2. Fund Balances
3. Annual Deficit/Surplus
4. Fund Balances as Percentage of Expenditures
5. Revenue by Type
6. Operating Referendum Revenue as Percent of Total Revenue

During the 2019 legislative session, Senate Enrolled Act 549 (SEA 549) added a new requirement to IC 5-13-7-8 for school corporations pertaining to the Indicators. During each school corporation's annual Board of Finance meeting, the Superintendent of the school corporation (or the Superintendent's designee) shall submit a written report to the Board of Finance assessing the financial condition of the school corporation using the Indicators. The statute also requires the Board of Finance to review the report submitted.

Accordingly, this report is hereby submitted to the Board of Finance for the Board's review as required by law. The information regarding Zionsville Community Schools in relation to each of the Indicators is shown on the following pages as prepared by DUAB and has been published on that agency's website. In summary, it is the assessment of the Superintendent as well as the Chief Financial Officer that the financial condition of the school corporation is excellent. We believe that this assessment is supported by each of the Indicators, which are monitored directly by DUAB for all Indiana school corporations, as well as by the assessments provided by other outside firms and agencies (including Standard & Poor's and the Indiana State Board of Accounts) through their credit reviews and audits of our school corporation.

Certification: I hereby certify that the information contained in the foregoing report is true, accurate, and complete to the best of my knowledge.

Regina N. May, SFO
Chief Financial Officer
Designee of the Superintendent

School Corporation (ID): 0630
ZIONSVILLE COMMUNITY SCHOOL CORPORATION

900 Mulberry St, Zionsville, IN, 46077

2022 Net Assessed Value: \$3,413,537,144
2019 Estimated Population: 30,702

****NOTICE****

School fund structure was modified in 2019. The General Fund, Capital Projects Fund, Transportation Fund, Bus Replacement Fund and certain specialty operating funds were eliminated and replaced with an Education Fund and an Operations Fund. Additional updates also were made to the chart of accounts at that time.

It is important to note that many funds have specific purposes as required either by State statutes or State or Federal grant requirements. As such, a school corporation's ability to transfer between funds or utilize fund balances and revenue for uses other than the purposes directed for a particular fund may be restricted.

For description of funds included by fund classification, please refer to the Data Sources document - <https://www.in.gov/duab/files/School-Corporation-Fiscal-Indicators-Data-Sources.pdf>

Average Daily Membership ("ADM")

ADM is the number of eligible students enrolled in a school corporation on a particular day ("count day") designated by the State Board of Education. ADM is utilized in the State funding formula to determine the amount of tuition support that the State of Indiana will provide to the school corporation. Increasing or decreasing ADM will impact the amount of funding available to the school corporation.

Since 2014, two count days have occurred - one in September and one in February. For all years displayed but 2018 and 2019, tuition support was adjusted based on each count. For years 2018 and 2019, the February count did not impact tuition support, but the counts are displayed on this indicator for informational purposes.

Beginning with the fall count date for the 2019-2020 school year, school corporations differentiated between students that receive instruction in-person and students that receive instruction virtually. The level of tuition support differs for those students attending virtually. For the 2020-2021 school year, students receiving instruction virtually due to COVID-19 are included in the in-person count for the purposes of this indicator, as tuition support funding for these students is the same as students attending in-person.

Classification v Sum

Classification

Fund Balances

Annual Deficit/Surplus

This indicator provides a comparison of revenue to expenditures on a calendar year basis, including whether the school corporation had an operating deficit or surplus for that year. **Exceptions can be transfers from one fund to another or adjusting entries for accounting purposes.** Fund balance is also included to assist in identifying situations in which the school corporation utilized existing fund balances to fund expenditures.

Select Funds by Fund Classification:

All

Annual Deficit/Surplus

Fund Balances as Percent of Operations Expenditures

This indicator considers the ability of the school corporation to maintain operations in the event of delays in revenue by utilizing existing fund balance to fund operations. Fund balances for this metric include the Education Fund, General Fund, Operating Referendum Fund, Operational Funds, and Rainy Day Fund

Select Funds by Fund Classification:

All

Fund Balances As Percent Of Expenditures

Revenue by Type

Local Tax revenue includes property tax, income tax, and other taxes as applicable. Other local revenue will include revenue sources such as rental income and sale of property. Debt revenue includes bond and loan proceeds. State revenue includes tuition support and other grants received from the State. Federal revenue includes grant funding received from the Federal government.

Select Funds by Fund Classification:

All

Revenue by Type

Operating Referendum Revenue as Percent of Total Revenue

For those school corporations that have successfully obtained an operating referendum, this indicator provides data on the importance of the referendum revenue to the school corporation's revenue picture. For additional information, visit the Department of Local Government Finance's Referendum Information page (<https://www.in.gov/dlgf/8789.htm>).
