Notes on Variances and Other Comments
July 31, 2023

Notes

- 1 These are normal variations in expenditures based on the ebb and flow of purchasing in a normal operating setting. These are not expected to have a significant budgetary impact for the entire year taken as a whole.

- 2 Typically the Rainy Day and various construction funds do not have a monthly projection. Expenditures are processed as items are received and/or the projects reach completion.

- 3 In a typical month, we expend more than we receipt given the nature of our funding cycle. The exceptions to this generality are the months when we receive our full property tax distributions - June and December.
