Notes on Variances and Other Comments
May 31, 2023

Notes

- 1 The advanced draw on our property tax settlement was received in May, as anticipated. However, we received a larger portion of our June settlement than anticipated as part of that advanced draw in the funds identified. This overall is not expected to have an impact on the total amount we expect to receive for 2023, but has attributed to some fluctuations in the timing of the receipts.
- 2 Typically the Rainy Day and various construction funds do not have a monthly projection. Expenditures are processed as items are received and/or the projects reach completion.
- 3 In a typical month, we expend more than we receipt given the nature of our funding cycle. The exceptions to this generality are the months when we receive our full property tax distributions - June and December.
