

Homer Community Consolidated School District 33C

15733 S Bell Road • Homer Glen, IL
60491
(708) 226-7600 • FAX (708) 226-7627

Illinois Public Act 105 ILCS 150/1 requires schools to request an updated Seizure Action Plan for students with seizures at the start of every school year. In accordance with his or her seizure action plan, a student must be permitted to possess the supplies, equipment, and/or emergency medication. Under the Seizure Smart School Act, a student's Seizure Action Plan shall serve as the basis of the student's Section 504 Plan and must be signed by the student's parent or legal guardian if the student seeks assistance with epilepsy-related care in a school setting.

A Seizure Action Plan is defined as a document that specifies the services needed by a student with epilepsy at school and at school sponsored activities and delegates to a delegated care aide the authority to provide and supervise these services. Under state law, it is the responsibility of the student's parent/guardian to share the health care provider's instructions on the student's epilepsy management during the school day, including a copy of any prescriptions and the methods of administering those prescriptions. The district will implement other provisions of the Seizure Smart School Act, 105 ILCS 150/1 relative to students' self-management of epilepsy related care, delegated care aides, and training of staff.

In order for your child to have the best possible school year, it is important that all the necessary supplies and paperwork are in place to provide appropriate care and respond in the case of an emergency.

All forms are located under Health Requirements on the district webpage. If you have any questions, please contact your child's school nurse.
