

February 19, 2025

Dear Holy Trinity Community,

I am writing to update you on the timeline for our search for Holy Trinity's new principal.

First, I want to thank the parents, faculty, SLC, and PTO members who participated in our input sessions in December. Your feedback was invaluable in shaping the job prospectus for the principal position, which we developed in collaboration with Mission Driven Catholic. Mission Driven Catholic has since posted the prospectus to attract qualified candidates.

I have formed a Principal Search Committee consisting of parents, faculty, a school principal, a pastor, and members of the CSO. This committee has been given direction regarding the timeline and hiring plan. I am pleased to report that we have received interest from many qualified applicants. The quality and quantity of candidates reflect Holy Trinity's strong reputation among educators seeking to continue our tradition of excellence in education.

In early February, the committee began reviewing applications to identify interview candidates. While selecting finalists will take time, we anticipate recommending a candidate for hire in April.

Since many of the strongest candidates are currently employed, we have ensured confidentiality throughout the process to protect their professional positions.

The search committee is working diligently alongside our partners at Mission Driven Catholic. We greatly appreciate your continued prayers for wisdom and discernment in this important task. I am confident that we will select the most capable leader to guide our beloved school into the future.

In Christ,

Kevin Parks
