Dear Colleague:

Utica University is pleased to invite your participation in awarding our **Junior Achievement Scholarship** to acknowledge students from **WHITESBORO HIGH SCHOOL** who show academic promise and would contribute to the Utica University community. This \$7,000 merit scholarship, to be awarded to current high school juniors during your end of year awards ceremony, is renewable for all four years at Utica University.

Utica University is an independent, private institution in upstate New York that combines many of the advantages of a university education with the highly personal approach to learning commonly associated with smaller Universities. We offer 16 of the most sought-after academic majors, with an emphasis on internships and other real-world learning experiences. With exceptional campus research and learning facilities as well as a strong focus on career readiness, Utica prepares students to create for themselves a future that is beyond their imagination.

This scholarship is another way we continue to make a private college education affordable. Utica has been a leader in college affordability since 2015 when we reduced our tuition by 42% allowing us to offer the best private university price among similar institutions in the northeast.

To qualify for this scholarship students must have a minimum cumulative GPA of 89/3.3/B+ at the end of the junior year and be enrolled in a challenging curriculum including Honors and AP if available at your school. Students should show a commitment to academics and extracurricular involvement. **To recommend students for this award please visit <https://connect.utica.edu/register/JuniorAchievementScholarship> to complete your nomination form and upload required transcripts by April 4, 2025.**

Utica University looks forward to offering this esteemed award to a well deserving student from WHITESBORO HIGH SCHOOL.

Sincerely,

Hey there,

The Student Sage Award is a recognition program that enables your secondary school to honor outstanding juniors from your school community. Starting in the fall 2025 semester, recipients of the award will receive a **\$1,000 additional scholarship**, certificate of nomination, and a VIP invite to Sage Engage — a free, half-day conference for high school students. Check out the 2024 inaugural **Sage Engage** event.

Students who embody Russell Sage College's motto: Be. Know. Do. should be nominated for the Student Sage Award. At Sage our mission empowers students to be your authentic self, grow as individuals, and improve the world around them. We embrace students for their unique gifts and experiences and believe they make our collective community stronger. We emphasize active and experiential learning and 100% of our students graduate with two or more key resume-building experiences.

Nominations for high school juniors for the Student Sage Award is open through April 15, 2025. Please share this with your school community — teachers, school counselors, and school leaders are able to nominate up to six students each year. **Students who receive the award are guaranteed a \$20,000 merit scholarship and the \$1,000 student sage scholarship per year to Russell Sage.** Once they apply and get accepted, students will be evaluated for even more merit aid based on their academic achievements.

Clarkson

February 5, 2025

To Whom It May Concern:

Clarkson University is pleased to invite your institution to participate in the **Clarkson University Leadership and Achievement Awards Program**. These awards are designed to annually recognize students in their junior year who demonstrate strong leadership qualities, positively impact their school and local community, and have a proven academic record. **The Leadership Award is \$25,000 per year, totaling \$100,000 over 4 years. The Achievement Award is \$20,000 per year, totaling \$80,000 over 4 years.**

Since 1896, Clarkson has been providing students with outstanding professional preparation in engineering, science, business, health science, and a variety of interdisciplinary and pre-professional programs. These curricula, combined with a strong sense of community, contribute to the tradition of cooperation and teamwork, which is a Clarkson trademark. Clarkson graduates are highly recruited by many corporations and some of this country's best graduate schools.

This past fall, the Class of 2028 included over 100 Leadership and Achievement Award recipients. In reviewing their applications for admission, there was a common theme: strong academics, community service, a variety of extracurricular activities, and strong leadership ability. We are delighted to recognize students of this high caliber, knowing that past success is a good indicator of future success at Clarkson.

Please refer to the attached guidelines as you consider possible recipients from your school. It is important to note that the candidates must be graduating seniors in the Spring of 2026 who are planning on continuing their education in the Fall of 2026. You may nominate a total of two students, **one** for each award. Recipients must be nominated by **June 1, 2025** in order to receive the Leadership and Achievement Awards. Students who are nominated must also complete an admissions interview by February 15, 2026.

This past year, we took our Leadership & Achievement Awards Program to the next level by adding a direct admission component for our awardees. We believe your nomination is strong enough to consider admitting a student to Clarkson without them having to formally apply through the traditional Common App or Clarkson App routes. These students will be contacted in the fall of their senior year with steps they must take to confirm their interest in being a direct admission candidate.

We are excited about our award program and the opportunity to recognize the accomplishments of your students. For further information, please feel free to contact either of us. Best wishes to you and your school community. We look forward to receiving your nominations!

Sincerely,

Kim Finnegan
