TEF Awards 46 Innovative Grants, Totaling Over \$154,000 to TISD Educators

ENCOURAGE • ELEVATE • EDUCATE

\$154,622

The Tomball Education Foundation awarded 46 grants to Tomball ISD educators across 16 campuses and three district departments, totaling **\$154,622** to be used on innovative projects they submitted through the grant process.

The 46 grants awarded were the most in a single year since the Foundation's inception. By issuing 46 grants, 85 staff members were celebrated.

The Tomball Education Foundation provides funds for educational projects and activities that are beyond traditional funding. Funds are used to facilitate student achievement and skill development, recognize and encourage staff excellence, and expand community involvement from individuals, businesses and civic organizations.

Since 2018, TEF has awarded over \$520,000 in grants to employees of Tomball ISD.

Kaitlyn Wishkoski, Tomball High School, 2005

Kaitlyn Wishkoski, Tomball High School, 2005

Assistant Principal in Tomball ISD

Some educators don't just teach - they inspire. For Kaitlyn Wishkoski, a proud graduate of Tomball High School (Class of 2005), that inspiration came years ago from one of her own teachers. Now, having returned to her hometown and serving students and families as an educator herself in Tomball ISD, Wishkoski is bringing her passion for education full circle.

As the current Assistant Principal at Creekside Forest Elementary, Wishkoski is dedicated to shaping the next generation of students, just as her former second grade teacher Mrs. Bradley from Decker Prairie Elementary, once shaped her.

"Mrs. Bradley had a unique ability to make her classroom feel like home," she said. "She treated each of us like family, creating a warm and nurturing environment where we felt valued and supported. Her kindness, dedication, and genuine care left a lasting impression on me."

Wishkoski was born and raised in Tomball, and a product of Tomball ISD schools, attending DPES, Beckendorf Intermediate, Tomball Junior High, and Tomball High School.

She was a proud member of the Cougar Pride Band, playing clarinet and serving in leadership roles, including Band President her senior year.

"One of the best experiences while attending Tomball ISD schools was the four years I spent in the Cougar Pride Band," she reflected. "The leadership roles I served taught me invaluable organizational skills and how to effectively manage my time. Balancing rehearsals, performances, and academic responsibilities was challenging, but every minute spent with the band was worth it."

In addition to serving on Band leadership roles, Wishkoski formed lasting friendships through her school experience.

"The dedication and hard work we put into our practices and performances paid off in the form of unforgettable experiences and achievements," she said. "Beyond the music and the discipline, the band was a place where I formed amazing friendships. Many of the friendships have stood the test of time, and I continue to cherish and maintain them to this day."

Following her time at Tomball High School, Wishkoski went on to pursue her dream of becoming a teacher, attending Texas A&M University, earning her degree in Interdisciplinary Studies. She furthered her education by earning her Master's degree from Lamar University in Educational Administration.

Her educational journey as a classroom teacher began in August 2009 in Magnolia ISD where she taught Kindergarten, 1st grade, 2nd grade, and 3rd grade over several years.

"Ultimately, my journey into education was fueled by the desire to give back and to provide others with the same sense of family and home that Mrs. Bradley gave to me," Wishkoski said. "It's a privilege to have been able to carry forward her legacy and to inspire the next generation of learners."

Following time in the classroom, Wishkoski transitioned into the role as a math specialist, a position she held in Magnolia ISD for four years.

"The role of a math specialist allowed me to focus on enhancing math instruction and supporting both students and teachers in achieving academic success and collaborating with district and campus administrators," she said.

In August 2020, Wishkoski returned home and joined Tomball ISD as a math specialist at Wildwood Elementary. There, she served WES for over two years in that role. Her career advancement continued when she became an Assistant Principal in November 2022, serving both Creekside Forest Elementary and Grand Oaks Elementary.

Through this leadership advancement, Wishkoski gained valuable experience, furthering her commitment to educational excellence.

“I am honored to serve as the Assistant Principal at Creekside Forest Elementary,” she said.

Pursuing a campus administrator position was always an aspiration Wishkoski had.

“While working directly with students is incredibly rewarding, stepping into an administrative role allows me to extend my support to a broader community, including teachers and families,” she said.

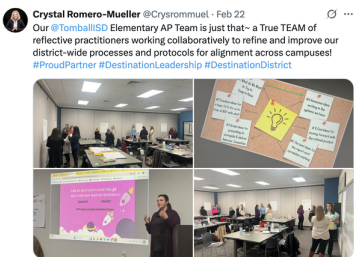

As a campus Assistant Principal, Wishkoski is proud to contribute to the growth and development of the entire school community, making a lasting and meaningful impact.
