A Guide to i3 Academy School Report Cards

i3 Stakeholders,

Enclosed are the 2023-2024 school report card scores for i3 Academy Elementary School and i3 Academy Middle School. School report card scores are comprised of the following categories:

- **Academic Achievement**
- **Academic Growth**
- **Chronic Absenteeism**
- **Proficiency of English Language Learners**

The following is a snapshot of our school report cards. i3 High School does not have one since this is it's first year in existence.

	Overall Grade	Academic Achievement Indicator Score	Academic Growth Indicator Score	Chronic Absenteeism Percentage
i3 Academy Elementary School	79	51.03	100	11.5
i3 Academy Middle School	78	49.22	100	11.58

We are extremely proud of the progress our students have achieved this year. In the following pages, you will find a detailed explanation of the scores, highlighting our advancements in various areas. With additional support measures implemented (see page 4), we are optimistic about continued growth in the future.

Fall 2024

Academic Growth Indicator

The academic growth score is calculated by measuring student growth from the 2023 spring ACAP assessment. Both schools achieved an indicator score of 100, which is the highest possible score for growth. The dedication and effort of both teachers and students have truly made a difference, and their hard work has paid off!

Chronic Absenteeism

Chronic absenteeism is defined by a student who misses 18 or more days of school, both excused and unexcused. We are seeing improvement in this area, but we continue to urge families to ensure your child is at school on time each day.

Action Steps

Since ACAP last spring, we have taken the following steps to increase academic achievement...

- Offered free summer learning program for at-promise students
- Partnered with Lavinia Group to increase strategic academic planning and positive outcomes
- Implemented after-school tutoring
- Increased Mathematics Improvement and Reading Initiative Improvement support from the state
- Continued tier 2 instructional intervention through What I Need (WIN) time
- Increased professional development across the Network, including Teach Like a Champion Strategies
- Strengthened Phonics First curriculum instruction for k-3
- Increased family engagement opportunities, including test prep sessions
- Increased attendance meetings throughout the year
- Increased school and parent communication with a new app and website
