

## GREENPORT BOE WELCOMES BETH DOYLE

Following an extensive and thorough search, the Greenport UFSD Board of Education is proud to announce the selection of Elizabeth Doyle as the district's next Superintendent of Schools, effective March 5, 2025.

Ms. Doyle currently serves as the Assistant Superintendent for Curriculum, Instruction and Accountability for the South Country CSD, and has served in this role for over four years. Prior to this role, Ms. Doyle served as the Principal of the John M. Marshall Elementary School in the East Hampton UFSD. Ms. Doyle holds a Bachelor of Business Administration in International Business from Hofstra University and a Masters in Elementary Education from Queens College. In her current role, Ms. Doyle has demonstrated leadership, loyalty, and commitment to the South Country community.

The Board of Education was excited to have an excellent field of 33 candidates for the Superintendent position. In arriving at the selection of Ms. Doyle, the Board gathered feedback from over 300 constituents regarding the ideal qualities and characteristics of the next Superintendent through written surveys and in-person stakeholder meetings with the search consultant. The interview process consisted of four rounds over the course of several months.

One of these rounds included over 30 community members representing organizations and stakeholder groups from across the Greenport community. The Board is appreciative of the valuable input they received, as that community input played an integral role in the selection process. As a result of this extensive process, it is clear that Ms. Doyle possesses the qualities and characteristics to lead the district forward.

The Greenport UFSD Board of Education is thrilled to have Ms. Doyle as the next leader as the district embraces the excitement and challenges that the future holds. Please join us in welcoming our new Superintendent!
