<b>Course Description:</b>	
<p>Three-Dimensional Art Foundations is an introductory level course that provides a solid foundation in the fundamentals of 3-D art as well as an understanding of aesthetics, art criticism and art history. The student will work with the basic art elements and principles of design while concentrating on 3-D art forms such as ceramics, sculpture, and applied design. A variety of media will be incorporated throughout the course. This course has a \$5.00 lab fee.</p>	
<b>Course Rationale:</b>	
<p>The Three-Dimensional Art Foundations course will promote learning in art studio, criticism, and art history and expand student knowledge, understanding and sensitivity in and about three-dimensional art forms. The course provides the visual literacy necessary to enable students to produce and interpret images in our visually-oriented world. The student will gain insights into the artworks produced by others and create their own artworks with different media and techniques. Three-Dimensional Art develops visual literacy, spatial intelligence, dexterous abilities, three-dimensional problem-solvings skills, and media understanding.</p>
