Circus Workshops

National Circus Project- www.nationalcircusproject.com

NCP uses circus skills to not only teach your students physical skills such as focus, timing and coordination but also invaluable life skills such as teamwork, confidence and communication!

The Student Circus Stars Program is a 5-day circus residency that begins with a spectacular assembly show followed by exciting hands-on workshops for your students. NCP student circus program is an extremely fun, educational, and hands-on multi-day event.

***NCP workshops are challenging, without being overwhelming or frustrating. This gives students an opportunity to learn patience, self-discipline and good practice habits while having fun!

**Other Programs- *The Circus Arts Sampler, The Center-Ring Mini Circus, Virtual Circus Show, Virtual Circus Workshop!*

Omnium Circus- www.omniumcircus.org

The Amazing Activity Zone is a daylong workshop for the entire school, every student will have the opportunity to learn basic circus skills as well as the scientific principles that make these skills possible. Hand Balancing, Boomerangs, Juggling-Gravity, Plate Spinning, Rope Spinning, Optical Illusions, and Wire Walking.

Fantastic Forces Students explore gravity and the physical laws that can be used to defy gravity. Those physical laws and forces are: gravity, the center of gravity, balance, counter balance, centripetal and centrifugal force, air pressure, vacuums, sound waves and vibrations.

**Other Programs - *Phenomenal Physics, The Magic Of Chemistry and The Science of Magic!*
