

Good evening Jamestown Middle School Families. This is Dr. Vernon with a few important reminders for the upcoming week.

I hope that you all have had a terrific break. We have missed you. When we return to school tomorrow, we will have six weeks of school remaining. This includes all end of year testing. It is so important that all students are here each day and on time. We want to finish strong and that means that we have to keep focused and make sure that we are prepared to learn at a high level.

As a reminder, we will resume using the water fountains in our building this week. We will no longer have the water bottle fill stations that we have used over the last several months.

Don't forget that if you have a rising 7<sup>th</sup> grader, you will need to provide documentation of the required immunizations before the start of school next year. If you have any questions about this, you can contact the school office.

The track team will have a meet at Northern Middle School on Monday and the softball and baseball teams will play on Tuesday against Mendenhall Middle.

We are looking forward to seeing you all tomorrow morning.

Go Tigers!!!
