

Good evening Tigers this is Mr. W, principal of Kiser Middle, school with some information and reminders about the remote learning day.

The district sent communication earlier today that schools will continue to be closed for students on Wednesday, January 19<sup>th</sup>. All extra-curricular activities and athletics are also canceled tomorrow.

Last Friday teachers spent some time reviewing with students how to access the assignments for tomorrow and where to navigate to get onto the Microsoft Teams calls during remote learning days. Your student's teacher will send communication this evening or in the morning around the expectations and times students should be available for calls. It is important that students make every effort to complete the work and assignments in Canvas, attend the live calls, or communicate with the teacher as this will be how students will be marked as in attendance for the remote learning day.

We know that inclement weather days can have a significant impact and change each student's schedule in a slightly different way, so we encourage our students to do the best they can during the remote learning day.

Students were scheduled to participate in the 2<sup>nd</sup> math interim benchmark assessment, and we will be making a decision about that tomorrow during the day as it looks like the regular schedule could be impacted again from a storm moving into our area Thursday evening and into Friday.

Again, please be sure students login this evening or first thing tomorrow morning onto Canvas and find the information and directions for the remote learning day from their teacher and make sure they charge their device tonight so they are ready for tomorrow.

Thank you, and I hope everyone continues to stay safe!

Teddy Wohlgemuth  
Principal  
Kiser Middle School
