February Update

Employee Of The Month

Robert Hollman is February's employee of the month! He is an amazing Construction Manager and he is excellent at what he does. Robert works hard helping to iron out arrangements and details of all our district's construction/capital projects, which can be a very extensive task. Big thanks to Bob and also to our sponsor, LASCU!

Behind the Scenes

Our district is incredibly fortunate to have such a skilled and resilient workforce. The physical demands of their work are significant: digging, cutting, climbing, lifting, and working with live electricity. These are not tasks for the faint of heart, but our team consistently rises to the challenge, ensuring our district succeeds.

Recent Projects:

- Gravel - Barranca & 2075
- Fire Extinguisher Recertification
- Lock Pinning - Chamisa
- Hydroponic Garden Electrical - Mountain

Work Order Report

Please take a look at our reports that show the preventative maintenance and work order completion from this past month! They can be found on our LAPS website under the About Tab: Departments > Facilities
