PREAMBLE

This Agreement entered into this 1st day of July, 2024 by and between the Board of Education of the Caesar Rodney School District of Wyoming, Delaware, hereinafter called "Board," and the Caesar Rodney Education Association, hereinafter called the "Association."

WITNESSETH

WHEREAS, the Board and the Association recognize that providing the finest in education for the children of the Caesar Rodney School District is of prime importance and that such education depends upon the quality and morale of employees.

WHEREAS, professional teachers are particularly qualified to advise the formulation of policies and programs designed to improve educational standards; and

WHEREAS, paraprofessionals are important in the process of implementing these programs; and

WHEREAS, the Board has an obligation, pursuant to Title 14, Chapter 40, Delaware Code, to negotiate with the Association as the representative of employees hereinafter designated with respect to the terms and conditions of employment; and

WHEREAS, the parties have reached understandings which they desire to confirm in this Agreement; be it

RESOLVED, in consideration of the following mutual covenants, it is hereby agreed as follows:

ARTICLE I  
RECOGNITION

- A. The Board hereby recognizes the Association as the exclusive and sole representative for collective bargaining for all teachers and paraprofessionals employed by the Caesar Rodney School District, except administrators.
- B. Definitions:
1. The term "employee," as used herein, shall mean all employees included in this bargaining unit.
  2. The term "teacher," as used herein, shall mean all certificated professional employees, except administrators as cited in Chapter 14, Section 1401 of the State Law.
  3. The term "paraprofessional," as used herein, shall mean all paraprofessionals included in this bargaining unit.
  4. The term "Board", as used herein, shall mean the School Board or District.
  5. The term "Association" as used herein, shall mean all teachers and paraprofessionals included in this bargaining unit.
  6. The term "days" when used in this agreement shall, except where otherwise indicated, mean district work days; thus weekends or holidays are excluded.

ARTICLE II  
GRIEVANCE PROCEDURE

- A. Definitions
1. A "grievance" shall mean a complaint by an employee or the Association that there has been to the employee a violation or inequitable application of any of the provisions of this Agreement.
  2. An "aggrieved person or grievant" is the person, persons or Association making the complaint.
  3. A "party in interest" is the person or persons making the complaint and any person who might be required to take action, or against whom action might be taken, in order to resolve the complaint.
- B. Purpose
- The purpose of this procedure is to secure, at the lowest possible level, equitable solutions to the problems that may from time to time arise affecting employees.
- C. Procedure
1. Since it is important that grievances be processed as rapidly as possible, the number of days indicated at each level should be considered as a maximum and every effort shall be made to expedite the process. The time limits specified may, however, be extended by mutual agreement.

2. In the event a grievance is filed at such time that it cannot be processed through all the steps in this grievance procedure by the end of the school year, and if left unresolved until the beginning of the following school year, could result in irreparable harm to a party in interest, the time limits set forth herein shall be reduced so that the grievance procedure may be exhausted prior to the end of the school year, or as soon thereafter as is practicable.

D. Initiation and Processing

1. LEVEL ONE - ADMINISTRATOR OR SUPERVISOR/Association's school representative, or accompanied by the representative, with the objective of resolving the matter informally. The employee shall identify and so declare that the matter under discussion is a possible grievance.

In the event that a paraprofessional believes the action of a teacher or other member of the bargaining unit has violated this Agreement, the paraprofessional shall first informally discuss the matter with the individual whose actions have allegedly given rise to the grievance. If the paraprofessional is not satisfied with the outcome of this discussion, the paraprofessional shall informally discuss the matter with the fore mentioned individual's (not the grievant's) administrator. If the administrator does not resolve the matter, the employee shall then proceed to 1.b of this Article, naming the administrator as the individual who has allegedly violated this Agreement.

- a. If the grievant is not satisfied with the outcome of this discussion, a written, dated grievance may be filed with the grievant's principal or administrator within fifteen (15) days following the act or condition which is the basis of the complaint. Using a Grievance Form, which has been mutually agreed upon by both the Association and Board, the written grievance shall:

- (1) Cite the section(s) of the contract allegedly violated,
- (2) Provide a rationale as to how the contract has been violated,
- (3) Identify the date of the alleged violation,
- (4) Propose a resolution.

Within five (5) days, the principal or administrator shall communicate to the aggrieved person and all parties who attended the informal meeting, a written decision.

2. LEVEL TWO - SUPERINTENDENT

- a. Within five (5) days of receipt of the decision rendered by the principal or administrator, the decision of the principal or administrator in regard to such appeal may be further appealed to the Superintendent. The appeal shall include a copy of the decision being appealed.

- b. The Superintendent shall hear appeals within ten (10) days of receipt of the appeal. Written notice of the time and place of the hearing shall be given to the aggrieved employee, the aggrieved employee's representative if any; the

Association's grievance representative, the Association's Grievance Chair, and any administrator who has been involved in the grievance.

- c. Within five (5) days of hearing the appeal, the Superintendent shall communicate to the aggrieved person and all parties in interest (including the Association's

Grievance Chair) a written decision.

3. LEVEL THREE - MEDIATION

If the answer of the Superintendent is not accepted, the Association, within ten (10) days after receiving the Superintendent's answer, may notify the Superintendent of its desire to proceed to grievance mediation. Within ten (10) days of the above notification, the parties will submit a joint request to the Federal Mediation Conciliation Service (FMCS) for a mediator. The date, time and location of the mediation will be determined by the relevant parties. The mediator will hold a mediation session(s) with both parties to help resolve the dispute. The assignment of the mediator will be mutually agreed upon by the parties involved. The cost of the mediator, if any, will be split equally between the two parties.

4. LEVEL FOUR - BOARD HEARING

a. If the parties do not reach a satisfactory mediation resolution agreement, within five (5) days after the final disposition of the mediation discussions, CREA may request that the grievance be heard by the Board of Education.

b. Appeals to the Board of Education shall be filed with the Superintendent by the grievant through the Association by completing the "Notice of Appeal" on the Grievance Form.

c. The appeal hearing shall be scheduled within twenty-one (21) days of filing the appeal unless a later date is agreed to within five (5) days of the filing.

d. The Board of Education hearing shall be in closed session. The hearing may include the aggrieved employee, the employee's representative, if any, the Association's grievance representative, the Association's Grievance Chair, any administrator(s) who have been involved in the grievance and any such witnesses as each side may identify.

e. Within five (5) days of the hearing, the aggrieved person(s) and all parties of interest including the Association's Grievance Chair shall receive a written decision.

5. LEVEL FIVE - IMPASSE PROCEDURE

a. If the answer of the School Board is not accepted, the grievant, through the Association, may within ten (10) days after receiving the School Board's answer submit a Demand for Grievance Arbitration to the Public Employment Relations Board (PERB) and the Association shall send a copy of the demand to the Superintendent.

E. Arbitrability

a. If the parties disagree as to whether a matter is subject to arbitration, either party may request a conference with the other party to discuss the issue of arbitrability without jeopardizing the grievance process.

b. If the disagreement over arbitrability is not resolved in the conference, the subject of arbitrability will be submitted to arbitration without jeopardy to the grievance at the point arbitrability was raised.

F. Arbitration Process

The arbitrator shall be advised of the limitations placed on the arbitrator's authority by this Agreement, and that the arbitrator's decision is expected within thirty (30) days after a hearing has been held. The agreed limitations are:

1. The decision of the arbitrator shall be final and binding to all parties to this agreement and any employee involved in the dispute.
2. Any award resulting from the arbitrator's decision shall not be retroactive beyond the date on which the action causing the grievance first occurred; and in any event, not longer than six (6) calendar months prior to the date of the first filing of the grievance in writing.
3. The arbitrator shall be limited to interpreting this Agreement and applying to the particular case presented.
4. The arbitrator shall have no authority to add to, subtract from, disregard or in any way modify the terms of this Agreement, or any agreement made supplementary thereto.
5. The arbitrator shall be limited to selecting the position of either party as the appropriate interpretation of all Agreement references cited and at issue.
6. The arbitrator shall not offer opinion on what the arbitrator would have preferred to rule, had limitation not existed.
7. Expenses: As per state law:
  - 7.1 Procedure arbitrability: losing party pays expenses;
  - 7.2 Arbitration based on the merits of dispute: divided evenly between the parties.
8. In the event the issue in dispute is resolved after the arbitrator is selected, but before the hearing, the fee shall be paid as follows:
  - a. Split equally,
  - b. Other arrangement if mutually agreed upon by both parties.

G. General Procedures

1. The grievant shall be present at all meetings and, at the option of the grievant, may be represented at such meetings by a representative of the Association.
2. It will be the practice of all parties in interest to process grievances after the regular workday or at other times that do not interfere with assigned duties. However if the aggrieved person, the Association, and the Board are in agreement to hold proceedings during regular working hours, the grievant and the appropriate Association representative will be released from assigned duties without loss of salary.
3. Grievances relating to suspension or transfer may be initiated at Level 2 of the grievance procedure.
4. All documents, communications and records dealing with the processing of a grievance shall be filed in the central grievance file separately from the personnel files of the employees.
5. Grievances filed by the Association shall be submitted in writing directly to the Superintendent. Processing of such Association grievances affecting staff in two or more

buildings will begin at Level Two with a hearing before the Superintendent. In Association grievances affecting staff in only one building, processing will begin at Level One.

6. Certain limitations regarding arbitrability exist for Article XII, Transfer Procedures, Article XIII, Evaluation and Article XIV, Fair Dismissal Procedures.
7. If the administrator at any level of the grievance procedure fails to respond in a timely manner, or the timelines are not mutually extended, the grievance will advance to the next level.

### ARTICLE III SCHOOL EMPLOYEE RIGHTS

- A. Pursuant to Title 14, Chapter 40, Delaware Code, the Board hereby agrees that employees of the Board shall have the right freely to organize, join and support the Association and its affiliates for the purpose of engaging in collective negotiations and other concerted activities for mutual aid and protection. As a duly elected body, exercising governmental power under the laws of the State of Delaware, the Board undertakes and agrees that it shall not directly or indirectly discourage or deprive or coerce any employee in the enjoyment of any rights conferred by this law, or other laws of Delaware or the Constitutions of Delaware and the United States; that it shall not discriminate against any employee with respect to terms and conditions of employment by reason of his/her membership in the Association and its affiliates, participation in any activities of the Association and its affiliates, collective negotiations with the Board or institution of any grievance, complaint or proceeding under this Agreement or otherwise with respect to any terms or conditions of employment.
- B. Nothing contained herein shall be construed to deny or restrict to any employee such rights as that employee may have under Delaware School Laws or other applicable laws and regulations.
- C. No employee shall be disciplined, reprimanded, reduced in rank or compensation or deprived of any professional advantage without just cause.
- D. Employees shall be entitled to have a representative of the Association present at a meeting with any administrator when the purpose of said meeting is:
  1. associated with a teacher's "Individual Improvement Plan" or
  2. associated with a paraprofessional's specific plan for performance improvement or
  3. to clarify an employee's written reprimand.
- E. Any employee required to appear before an administrator, supervisor, or any other agent of the Board concerning any matter which could result in disciplinary action, shall be given written notice at least forty-eight (48) hours prior to the meeting stating the reasons for such meeting, and shall have the right to be accompanied by an Association representative. The two day notice shall not be required if the administration determines a critical situation requiring immediate attention as long as all rights to representation and due process are maintained. The employee, having been advised of his/her right to representation, must request Association representation or such right shall be considered to be waived. The failure to request an Association representative at the initial stage of a meeting will not limit the employee's right to request such assistance at a later time during the meeting or at subsequent meetings. Such right to representation shall not apply to conversations between supervisor and employee relating to, for example, the supervisor's giving instructions, training or modifications of work techniques.
- F. Suspension/Administrative leave shall be with pay. Such pay shall cease at the initial date of

delivery of a certified letter from the Board of Education stating its intent to terminate the employee.

- G. The teacher, in accordance with district policy, shall be the primary professional responsible for determining grades. No grade shall be changed without prior consultation with the teacher. When any administrative change in a grade is made without the teacher's consent, a written rationale for the change shall be provided to the teacher by the administrator.
- H. No employee shall be prevented from wearing pins or other identification of membership in the Association or its affiliates.
- I. Each employee shall be provided free of charge a non-transferable pass which includes an accompanying 2 guests to all home school-sponsored activities such as football games, basketball games, etc., upon request. Unauthorized use will result in revocation of the privilege for one calendar year from the date of revocation.
- J. An employee shall not normal circumstances be disciplined or reprimanded in front of staff members, students and/or parents of students by the administration or supervisory staff. It is recognized that in special circumstances affecting the immediate safety of students it may be necessary to immediately reprimand or discipline an employee. Such action shall be taken with maximum discretion.
- K. During an employee's duty-free lunch period an employee may leave the premises with the prior approval of the principal or designee. Upon approval, the employee is to sign out and sign back in upon return. A written explanation will be provided by the principal if permission is refused. This section of Article III will not be subject to the grievance procedure.
- L. Any discussion initiated by the Superintendent, or designee, relative to an employee's termination, involuntary transfer, or a reduction in force, and if not limited by time restraints, will be accomplished after the close of the student day.
- M. The Board and the Association acknowledge that a teacher's primary responsibility is to teach. The Board further agrees that the organization of the school day will be directed toward insuring that non-teaching duties will be kept to a minimum.
- N. The Board and the Association acknowledge that the school nurse's primary responsibility is to provide emergent, urgent, and physician prescribed care for student illnesses and injuries during the school day. School nurses must prioritize their work activities to meet growing demands when available time and resources are limited. Needs of students, available resources and school nurse caseloads are factors when nurses exercise professional judgment to prioritize the multiple demands presented each day. School nurses rely on the principles of triage for guidance as an objective way to organize work responsibilities. The nurse's office is not a health clinic and is not a replacement for primary care. School nurses do not diagnose. Nurses shall inform administration if certain staff members tend to refer students excessively to the nurse. The school nurse provides emergent or urgent care to staff for illnesses or injuries occurring during the school day.

#### ARTICLE IV ASSOCIATION RIGHTS AND PRIVILEGES

- A. The Board agrees to furnish to the Association in response to reasonable requests from time to time all available information concerning financial resources of the District, including but not limited to, annual financial reports and audits, register of certified personnel, tentative budgetary requirement allocations, agenda and minutes of all Board meetings, census data, individual and group insurance premium and

experience figures, names and addresses of all employees, and other pertinent information that shall assist the Association in developing intelligent, accurate, informed and constructive programs on behalf of the employees and their students and to aid the Association in its investigation and processing of any grievance.

- B. Whenever any employee is engaged during working hours in negotiation sessions with Board representatives there shall be no loss of pay.
- C. Whenever any representative of the Association is engaged in a conference or meeting representative of the Association there shall be no loss of pay provided that the administration has granted prior approval.
- D. The District shall allow the President of the Association or her/his designee twelve (12) paid days per year to be used for Association-related business at the discretion of the President. Use of such days shall require three (3) days prior notice to the Superintendent.
- E. The Association and its representatives shall have the right to use school buildings at all reasonable hours for meetings. The administrator of the building in question shall be notified in writing in advance of the time and place of all such meetings. Said request will not be denied unless there is a limitation on the availability of space.
- F. The Association shall have the right to use school facilities and designated equipment, including but not limited to, computers, copiers, other duplication equipment, and audio-visual equipment at reasonable times, when such equipment is not otherwise in use. The Association shall pay for the reasonable cost of all materials and supplies incurred and for any repairs resulting from Association use. The use of electronic equipment does not include storage of information and data on district- provided equipment.
- G. The Association shall have adequate bulletin Board facilities in each school building for its exclusive use. This shall include the central office. Copies of notices shall be given to the building administrator. A copy of any posted material initiated by the Association shall be provided to the Superintendent.
- H. The Association shall have the right to use inter-school mail facilities, electronic communication systems, and school mailboxes for CREA authorized business. Copies of notices, bulletins, fliers, emails, etc., forwarded by way of said facilities, communication systems, or mailboxes and for the CREA general membership, shall be provided to the building administrator and the Superintendent unless sent to an individual as a confidential matter.
- I. An Association representative may speak to employees during any regular staff meeting for up to fifteen (15) minutes on the request of the Association Representative.
- J. An orientation program for new teachers shall be co-sponsored by the Board and the Association. The Association shall assume only the cost of one social event conducted as a part of the orientation.
- K. The rights and privileges granted to the Association in this Article shall not be granted to any other organization attempting to secure negotiation rights for employees unless and until such organization has petitioned for recognition under Chapter 40, Title 14, of the Delaware Code. At such time said competing organization shall have access to the communication privileges granted to the Association under this Section. However, this paragraph shall not exclude the Board's right to allow groups the use of the building as per Title 14, Section 1056d of State Law.
- L. The Board agrees to notify the Association when any administrative vacancy occurs and to provide the Association with the requirements for said position so that the Association may publicize the vacancy throughout the District.
- M. Each Association building representative may use planning periods (teachers) and breaks (paraprofessionals) for the conduct of Association business provided that such Association business

does not interfere with the employee's duties or the duties of other employees during their assigned duty times.

- N. Officers and staff of the Delaware State Education Association shall be permitted to conduct Association business on school premises during school hours, provided that such Association business does not interfere with the duties of the employees and conforms with the provisions of Chapter 40, Title 14, Paragraph 4007 of the Delaware Code. Said person(s) will adhere to the procedure normally used for visitors as defined by the administrator in charge of the building.
- O. The District agrees to produce and distribute a copy of the current contract to all employees included in the bargaining unit.

#### ARTICLE V BOARD RIGHTS

- A. Board Rights: The parties understand and agree that except as limited by the Agreement, the District shall have the exclusive right to:
  - 1. Direct the work of the employees.
  - 2. Hire, transfer, assign and discipline employees.
  - 3. Suspend or discharge employees for just cause.
  - 4. Maintain the efficiency of its operation.
  - 5. Relieve employees from duties because of lack of work or for other legitimate reasons.
  - 6. Determine and/or implement methods, means, assignments and personnel by which the District's operations are to be conducted.
  - 7. Take such actions as may be necessary to carry out the mission of the District.
  - 8. Initiate, prepare, certify and administer its budget.
  - 9. Exercise all powers and duties granted to the District by law.
- B. Limitations: The rights, powers, authorities and duties set forth above shall not be subject to the grievance procedure. However, the grievance procedure does apply to any limitation of those rights, powers, authorities or duties expressly set forth in this Agreement.

#### ARTICLE VI EMPLOYEE WORK YEAR

- A. The regular school year for ten-month employees (other than new teachers who may be required to attend additional days of orientation) shall not exceed the number of State mandated days. New teachers and paraprofessionals will be compensated \$150.00 for each day of attendance at any pre-school orientation program. No pre-school orientation program may extend beyond three (3) days total,

unless employees are paid their respective daily rate of pay.

- B. The employment of teachers employed beyond the regular school year, excluding summer school, shall be compensated at the rate of 1/the number of State mandated days or the prevailing rate paid by the state.
- C. Teachers employed for Vocational Agriculture shall be awarded a standard teaching contract. When the State of Delaware makes available additional summer days for such teachers, the District shall pay the local salary supplement calculated on a per-diem basis for each additional day or major fraction thereof. Such per-diem rate shall be determined as 1/the number of State mandated days of the annual local supplement.

## ARTICLE VII HOURS AND WORK LOAD

- A. Employees are expected to devote to their assignments the time necessary to meet their responsibilities.
  - 1. Employees shall indicate their presence for duty by placing a mutually agreed upon indicator in the appropriate column of the employee "sign-in" roster at the beginning of the employee workday.
  - 2. The full-time employees' regular workday shall be 7-1/2 hours in length except as provided in Article VII.D. of this document, and in emergencies.
  - 3. An employee's "in-service" day shall not exceed the length of the regular workday.
  - 4. If it becomes necessary for an employee to be absent for any reason, the designated administrator should be notified as soon as possible in order that appropriate arrangements may be made.
- B. All teachers shall have scheduled planning time exclusive of any regularly scheduled duties. Planning time is in addition to a scheduled thirty (30) minute duty-free lunch period, and homeroom or before or after school duties.
  - 1. Teachers shall have a daily planning period (50 consecutive minutes, prorated on abbreviated days). In the event scheduling prohibits the above, the administrator shall confer with the teacher to offset such missed planning time during other appropriate times. Every effort will be made to distribute coverage equitably among staff.
  - 2. Non-Classroom based teacher planning time:
    - a. Planning time will be fifty (50) minutes in length at all worksites/buildings.
    - b. Planning time will be a combination of two (2) of the following three (3) options:
      - 1. Before the student day
      - 2. During the student day
    - c. After the student day In implementing the above 2 of 3 options, option "2" (during the student day) will be one of the two selected options.
    - d. The non-classroom based planning time schedule in each building will be sent/distributed (to include the below items "e" & "f") by the building Administrator to all the staff in each building.
    - e. If an emergency health situation occurs while the nurses (a non-classroom based teacher) are on planning time, the nurses will leave/stop planning time to help with the emergency.
    - f. Non-emergency health situations that occur during the Nurses' planning time and lunch will be

sent to the building administration office.

- g. Planning time will be scheduled each day whenever possible. In the event traditional scheduling prohibits the above, the administrator and teachers will work together, through the Building Liaison Committee, to adjust schedules at the building level in order to reach this goal.
- 3. Nothing in these provisions prohibits administrators and teachers from adjusting schedules at the building level to provide additional planning time whenever possible, provided that all teachers are treated equitably and the daily thirty (30) minute duty-free lunch period is maintained for all teachers.
- 4. Every teacher shall teach course content in accordance with the approved district curriculum. Teachers shall maintain written daily lesson plans for a minimum of three (3) days in advance. Said plans shall be available to substitute teachers in order to assure the continuity of instruction.
- 5. Secondary and middle school teachers shall not be required to teach more than two (2) subject areas, nor more than a total of two (2) teaching preparations, insofar as scheduling will permit.
- 6. Regular secondary and middle school classroom teachers shall not be required to change subject area teaching stations more than two (2) times during the school day, insofar as scheduling will permit.
- 7. Secondary and middle school teachers shall not be required to teach continuously for more than three (3) periods, insofar as scheduling will permit.
- 8. Non-teaching duties shall be assigned on a fair and equitable basis.
- 9. In September of each year, the Student Services department shall inform teaching staff via electronic means that Special Education IDEA hours are available for IEP completion.
  - a. IDEA hours shall be approved in the discretion of the Student Services department, but shall not be approved when available funding to arrange coverage is exhausted or otherwise not available. When needs arise and there are extenuating circumstances a teacher can approach an administrator to request either professional development time, compensation or substitute coverage if available to address student needs.

<b>Caseload</b>	<b>TAM IDEA Release Time</b>	<b>SAM IDEA Release Time</b>
3 and under	No allowance	½ day

7-10	1 day	
10+	2 days	

- b. Teachers that are serving as special education teachers in either a TAM (team approach to mastery) or SAM (singular approach to mastery) capacity will receive release time (noted in chart above) plus two (2) district in-service days. Release time and in-service days may be scheduled in quarter-day, half-day, or full day increments. The Director of Inclusive Education will collaborate with the district calendar committee to determine release time during scheduled in-service days.
- C. Employees shall have a daily duty-free lunch period of at least thirty (30) consecutive minutes.
- 1. Paraprofessionals whose normal workday is less than four (4) hours shall have one (1) duty-free break of at least fifteen consecutive minutes in length, scheduled each day. Paraprofessionals whose normal workday is four (4) hours or more shall have two (2) duty-free breaks, of at least fifteen consecutive minutes each. Such break time is in addition to a scheduled thirty (30) minute

duty-free lunch period.

- D. Employees may be required to attend faculty meetings department meetings, parent conferences, and after-school events each academic year.
- 1 Employees may be required to remain after the end of the regular workday, without additional compensation, for the purpose of attending building faculty and / or departmental meetings. A maximum of fourteen (14) meetings may be scheduled per school year, not to exceed two (2) meetings per month. Such meetings shall begin at the end of the contractual day with CREA hosting the first fifteen minutes (15) of the meeting. The meeting shall run for no more than sixty (60) minutes. If the administration does not have content to present, or if the content can be provided solely in an electronic format then the meeting shall be abbreviated or cancelled.
  - 2 No after school meetings that require attendance shall be called on Fridays or on the day preceding the Thanksgiving, Winter or Spring Holiday Breaks. On the day following Thanksgiving, Winter or Spring Holiday Breaks no after school meetings that require attendance shall occur absent extenuating circumstances.

  - 4 Teachers shall not be required to attend more than two (2) evening events per school year. Each building administrator shall inform teachers about the events or required meetings for the year in writing. When a teacher is required to attend a second evening event, the hours worked may be banked, up to two (2) hours. Banked time may be used with administrator approval to offset weather related make-up days at the end of the school year. Banked time that is not used is forfeited annually. Evening parent conferences shall not be considered one of the required nighttime meetings or events.
  - 5 When teachers are required to attend evening parent conferences, the workday will be adjusted to compensate teachers for the time scheduled for conferences. Time compensation will be offered on the same day as the conferences, unless the Association and District agree upon an alternative arrangement
- E. The practice of using a teacher as a substitute, thereby depriving the teacher of a preparation period, is undesirable and shall be resorted to only in emergencies. In those cases where regular substitutes are not available, or for teachers who have been released, regular teachers who volunteer may be assigned to serve as substitutes during their non-teaching time. In the absence of volunteers, a teacher may be assigned to serve as substitute. Coverage shall be arranged by the administrator of the school in question and shall be distributed as equitably as possible among the teachers in said school. Every effort shall be made to arrange employees' schedules, school activities and events so that coverage is not required.

ARTICLE XIV, PART I  
FAIR DISMISSAL PROCEDURE - TEACHERS

- A. The Board agrees that no teacher will be dismissed without just cause.
- B. All teachers will be guaranteed the full constitutional protection of due process.
- C. Reduction in Force shall be just cause for dismissal. When a reduction in force is necessary because of a decrease in student enrollment, decrease in educational services, changes in curriculum, shortage of funds or changes in use of instructional personnel, the Superintendent shall determine the area, subject, level or programs that will lose staff positions, as well as the date that such reductions are needed. Such reduction in force shall be based on standard certification and on length of uninterrupted District employment and shall be implemented in accordance with the following procedures:
  1. A seniority list for each area of certification shall be kept according to the employee's date of employment. (Date of employment shall mean the first day for which the employee received pay.) In the event an employee has multiple certifications, the employee's name will appear on each list according to seniority. If an employee attains certification in an area other than the employee's current assignment, the employee's seniority date for that area will be the date certification was effective, as determined by the Delaware Department of Education (DDOE). Such lists will:
    - a. include all applicable employees in rank order and state the employee's date of

employment, (or date of certification, as established by DDOE, for multiple certifications received after hire date);

- b. be available in the principal's office for inspection by the staff on or before March 15 of each school year,
  - c. be subject to appeal via the Director of Human Resources prior to April 15.
2. In the event of a reduction in force, the employee(s) with the least seniority in the affected area of certification shall be subject to dismissal. Such employee(s) who holds dual certification and whose seniority is greater than the seniority of another employee(s) in a different area of certification shall have the right to replace the employee(s) with the lesser seniority. The Association shall be notified of all reductions in force within three (3) days of the notification to the dismissed employees.
3. An employee newly hired after September 30 shall receive a temporary contract. Such employee shall be placed on the seniority list in accordance with date of such employment, but not until such time as having secured a regular contract through the normal procedure for new-hires, and provided there has been no break in employment.
4. An employee hired to implement a program funded by the Federal Government, or by special State funds (not directly contained in the District budget appropriation), or any person employed to replace an employee who is transferred to such a program, shall receive a temporary contract during the first year of employment. An employee hired for a second consecutive year in such a program shall receive a regular contract. Retroactive seniority to the date of original employment in the program will be credited, providing there has been no break in service. Should an employee who holds a regular contract accept transfer to a program as described above, the employee's contract and seniority status would continue as if the transfer had not been effected.
5. Employees holding emergency certification shall be placed on the seniority list in accordance with their date of such employment, but not until such time as they have secured standard certification, and provided there has been no break in employment.
6. School Board-approved leaves of absence shall not interrupt continuous employment, and employees on leave are subject to the RIF procedures.
7. Teachers on a continuing license dismissed via the RIF procedures will be placed on a recall list, maintained by the Director of Human Resources, for a period of one (1) year with an option to be continued on the list for a second year. Employees will be offered reemployment in their last previous employment field for which they held certification in reverse order of their dismissal date. Employees who have been "rified" and subsequently recalled by the District shall maintain all accumulated seniority which they had established at the time of their "rifting." An employee hired to implement a program funded by the Federal Government or by special State funds (not directly contained in the District budget appropriation), shall be granted the rights and privileges of this subsection once having been continually employed for such a time period as is normally required to receive a continuing license.
8. When a vacancy occurs in the area of the employee's last employment field for which they had certification, the appropriate employee on the recall list will be notified by email (work and personal) with read receipt to district office. Failure to accept the offer within 10 days of the delivery date shall result in removal from the recall list.
9. It shall be the responsibility of employees on the recall list to inform the Director of Human Resources in writing of address changes and/or their desire to be continued on the list a

second year.

- D. Article II, Grievance Procedures, does not apply to this article except for procedural process associated with Reduction in Force.

ARTICLE XIV, PART II

- A. The Board agrees that no paraprofessional will be dismissed without just cause.
- B. All paraprofessionals will be guaranteed the full Constitutional protection of due process.

    - a. Reduction in enrollment in a program for which a paraprofessional is assigned.
    - b. Budgetary reasons.

## Appendix – B 2

### Criteria and Procedures for EPER Positions

Seven criteria measure and rate the responsibilities associated with each extracurricular position:

#### 1. Duration of Activity

The duration of the activity is the number of hours a coach or sponsor is in direct contact with students on a regular basis beyond the regular school day. Assistant coaches will be given credit for the same hours as the head coach. Where JV, 9<sup>th</sup> grade coaches or assistant sponsors are required to begin practice with the varsity or similar level in non-athletics, credit will be given for all hours.

##### a. PRACTICES:

*Hours spent with students on a regular basis beyond the regular school day.*

Contests or performances are excluded.

Maximum reportable hours -- Not to exceed six per practice, no more than five times a week; Sundays are not permitted. At the middle school level, the maximum number of practices prior to the first scheduled game is 20.

##### b. CONTESTS/PERFORMANCES:

*Hours spent with students for contests or performances with a maximum of six hours each are recognized.* Hours for conference and state tournaments may be included only where participation by a team or individual is not based on qualification in a conference championship, season record, or other prerequisite.

##### c. SUPPLEMENTAL PROGRAMS:

*Summer camps such as pre-season practice and band camp are recognized.*

<u>Hours</u>	<u>Rating Scale</u>	<u>Rating</u>
1-34		1
35-69		2
70-104		3
105-139		4
140-174		5
175-209		6

385-419		12
420-454		13
455-489		14
490+		15

#### 2. Student Participation

Coaches/sponsors have responsibilities in terms of the number of student participants. Assistant

coaches/sponsors responsibilities will be in terms of seventy-five percent of the student participation. The number of students to be considered is the number participants involved at the end of the season or at the end of the year for activities conducted during the entire school year.

In the case of non-athletic activities not meeting on a regular daily basis, only the officers and working staff may be counted toward student participation.

40-49	5

60-69	7
70-79	8
80-89	9

3. Assistants/Divisions

Coaches and sponsors have supervisory responsibilities. The head coach/sponsor has the responsibility for the total program within a school including supervision of paid assistants. The head coach/sponsor also has the responsibility for the divisions (the number of teams or levels of programs within a particular activity). The head coach/sponsor will be paid for the assistants authorized under Schedule B of the Agreement.

Rating Scale

1 point for each paid assistant  
1 point for each division  
No limit to maximum points

4. Public Exposure

The average number of people in attendance at all home events of each activity is an indication of the amount of exposure and public interest. Points will be awarded for each 1,000 in attendance. Assistants will receive seventy-five percent of total points credited to the head coach/sponsor. Actual figures will be used where there is an admission charged. Estimates will be used if no charge is made.
