

INDEPENDENT SCHOOL DISTRICT 196
Rosemount-Apple Valley-Eagan Public Schools
Educating, developing, and inspiring our students for lifelong success.

Series Number 503 Adopted May 1978 Revised March 2025

Title Student Rights and Responsibilities

1. Student Rights

- 1.1 The School Board recognizes that students are entitled to the civil liberties guaranteed all citizens. One of the primary goals of public education is to prepare students to successfully complete the transition from school into the general society in which they will live, and to accept the responsibility commensurate with the rights and privileges which they have and those they will assume.
- 1.2 The district shall provide an environment in which students may exercise the rights and privileges of the society in which they will live, with its proportional amount of responsibility.
- 1.3 Students have the right to freely express ideas, verbally or in writing, within their school program. Responsible criticism and reasonable dissent are basic to the educational process. However, false statements, disruptive activities, threats, the use of obscenities, profanity or ridicule, and advocating violation of the law or school rules and regulations are unacceptable means of expression.
- 1.4 Students have the right to be safe and free from threatening situations on school property, at school activities and in district vehicles. Students have the right to an equitable educational environment, free from bias, discrimination or institutional racism.

2. Student Responsibilities

- 2.1 Student responsibilities include: conscientious effort in school work and activities; respect for the rights of other students, staff and visitors; and adherence to and cooperation in upholding local, state and federal laws, and district and school policies and regulations. Most of all, students, administration and staff share the responsibility of establishing and maintaining a safe, stimulating and productive learning environment.
- 2.2 A major student responsibility at all grade levels is regular attendance. Many studies correlate regular attendance with success in school. Regular attendance means that the academic learning process is not interrupted, less time is spent on make-up assignments, and students benefit from participation and interaction with others in class. State law requires every child between seven and 17 years of age to receive instruction. Students with excessive unexcused absences will be considered truant. Establishing a pattern of good attendance will benefit the student in school and in the workplace. Research shows that when students attend school regularly, they have better academic outcomes, are more connected to their community, develop important friendships, strengthen social-emotional skills, and are significantly more likely to graduate from high school.

3. Student Behavior and Discipline

- 3.1 For the purposes of this policy, behavior is defined as a student's demeanor and conduct in relation to:
 - 3.1.1 Treatment of other people;
 - 3.1.2 Care for property;
 - 3.1.3 Responsibility for personal possessions, and
 - 3.1.4 Accountability for own actions.
- 3.2 For the purposes of this policy, discipline:
 - 3.2.1 Sets behavioral limits and guidelines to lead students to and through adulthood;

- 3.2.2 Develops individual respect for law, authority, property, and the rights of others and self, and
- 3.2.3 Develops a mature individual capable of self-control and direction.
- 3.3 Disciplinary efforts are to be as positive as possible, and are to include recognizing and strengthening appropriate behavior.
- 3.4 Every student and employee in District 196 is entitled to learn and work in a safe school environment. Therefore, the district is responsible for making reasonable rules and regulations governing student behavior and conduct, and maintaining proper control and discipline. To ensure this, it is important that the district establish and communicate clear student behavior expectations and support these expectations with appropriate consequences that are applied consistently. District employees are expected to deal with students fairly and honestly, and to treat all students with courtesy and respect.
- 3.5 In establishing a suitable learning environment, with proper control and discipline, the general maturation of the students involved must be considered. Within this context, district officials must protect the health and well-being of all students while safeguarding individual rights.
- 3.6 Students are expected to behave in accordance with federal, state and local laws and rules; and district and school policies, rules and regulations, and in a way that respects the rights and safety of others. Staff will take corrective action to discipline a student and/or to modify a student's behavior when a student's behavior does not fall within these parameters.
 - 3.6.1 Actions which may be used by district staff to discipline students and/or encourage them to modify their behavior include but are not limited to: student conference, parent or guardian notification, parent or guardian conference, parent or guardian shadow, loss of privileges, educational programming, non-exclusionary discipline, needs assessment, threat assessment, recommended chemical assessment, restorative programming, mediation, fine, restitution, detention, removal from class, in-school suspension, dismissal from school, out-of-school suspension, exclusion, expulsion, bus suspension or expulsion, withdrawal agreement, mental health referral, referral to law enforcement authorities and recommendation of alternative community services. Administrators may apply more or less severe consequences after considering disciplinary history, the severity of the behavior, intent, the age or development of the child or other extenuating circumstances.
 - 3.6.2 The use of corporal punishment is not permitted. Corporal punishment is defined as hitting or spanking a student with or without an object or use of unreasonable physical force that causes bodily harm or substantial emotional harm. An employee or agent of the school district shall not inflict corporal punishment or cause corporal punishment to be inflicted on a student to reform unacceptable conduct or as a penalty for unacceptable conduct. An employee or agent of the district shall not use prone restraint or inflict any form of physical holding that restricts or impairs a student's ability to breathe; restricts or impairs a student's ability to communicate distress; places pressure or weight on a student's head, throat, neck, chest, lungs, sternum, diaphragm, back, or abdomen; or results in straddling a student's torso.
 - 3.6.3 When an incident occurs in which one or more students have been physically or emotionally harmed by the misbehavior of another student(s), district staff shall be sensitive to the need to provide support to the victim(s) and to inform their parent(s) or guardian(s) about the incident.
 - 3.6.4 School staff may report suspected criminal misconduct by a student to law enforcement. Law enforcement officers shall be permitted to carry out necessary law

enforcement functions in the schools, including the removal of a student from school grounds in appropriate circumstances.

3.6.5 The school district will cooperate and coordinate with county crisis service providers as appropriate and feasible to respond to the needs of students whose behavior may be addressed by crisis intervention.

3.7 Physical Restraint - A teacher or school principal in exercising the person's lawful authority, may use reasonable force when it is necessary under the circumstances to correct or restrain a student to prevent bodily harm or death to the student or to another. A school district employee, school bus driver, or other agent of a district in exercising the person's lawful authority, may use reasonable force when it is necessary under the circumstances to restrain a student to prevent bodily harm or death the student or to another. Reasonable force will be used in compliance with Minnesota Statute 121A.582, Minnesota Statute 121A.58 and other laws. Special care will be taken with students with disabilities to follow any guidelines for physical restraint which may be written into their individual education plan (IEP). Physical holds of students with IEPs shall only be done in an emergency, by authorized personnel, in conformance with the law on restrictive procedures and the district's restrictive procedures plan.

3.8 The policies in sections 3.1-3.7 above will be adjusted, as required by federal and state laws and regulations and by the student's individual education plan (IEP), for special education students. For more information, refer to appropriate sections of Administrative Regulation 503.3AR, Student Behavior Expectations and Consequences for Misbehavior, Administrative Regulation 503.3.1AR, Students Receiving Special Education Services: Responses for Behavior, other district policies and regulations related to special education students and the District 196 Child Study Handbook.

3.9 An employee or agent of the school district does not include a school resource officer as defined in Minnesota Statute 626.8482, subd.1 paragraph (c).

5. **Prohibition of Bullying and Intimidation**

- 5.1 Students have the right to be safe and free from threatening situations on school property, at school activities and in district vehicles. Bullying interferes with students' ability to learn and teachers' ability to educate students in a safe environment. To the extent bullying affects the educational environment of schools, it is the school district's intent to prevent bullying from occurring, and to investigate and respond to bullying that has not been prevented.
- 5.2 District 196 and the Safe and Supportive Schools Act define bullying as intimidating, threatening, abusive or harming conduct that is objectively offensive and:

- 5.2.1 There is an actual or perceived imbalance of power between the student engaging in prohibited conduct and the target of the behavior and the conduct is repeated or forms a pattern, or
- 5.2.2 Materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services or privileges.
- 5.3 District 196 and the Safe and Supportive Schools Act define cyberbullying as using technology or other electronic communication including, but not limited to, a transfer of a sign, signal, writing, image, sound, or data, including a post on a social network internet website or forum, transmitted through a computer, cell phone, or other electronic device to bully another.
- 5.4 For purposes of this policy, intimidating, threatening, abusive, or harming conduct may involve, but is not limited to, conduct that causes physical harm to a student or a student's property or causes a student to be in reasonable fear of harm to person or property; under Minnesota common law violates a student's reasonable expectation of privacy, defames a student, or constitutes intentional infliction of emotional distress against a student; is directed at any student or students including those based on a person's actual or perceived race, ethnicity, color, creed, religion, national origin, immigration status, sex, marital status, familial status, socioeconomic status, physical appearance, sexual orientation, including gender identity and expression, academic status related to student performance, disability or status with regard to public assistance, age, or any additional characteristic defined in the Minnesota Human Rights Act (MHRA). However, prohibited conduct need not be based on any particular characteristic defined in this paragraph or the MHRA.
- 5.5 Bullying includes malicious and sadistic conduct and sexual exploitation as further described in Administrative Regulation 503.8 AR, Bullying Prohibition.
- 5.6 Bullying behavior should be reported to a staff member. The district's processes for reporting and responding to bullying behavior can be found in Administrative Regulation 503.8 AR, Bullying Prohibition and Procedure 503.8P, Report of Bullying Behavior.

6. **Acceptable Use of Information Technology**

- 6.1 District 196 offers employees, students and other authorized users (as determined by the Technology Department and school and department administrators) access to a variety of information technology resources, including the Internet and email (at approved grade levels). Internet access in District 196 offers employees and students vast, diverse, unique and ever-changing resources, and promotes educational excellence by facilitating resource sharing, innovation and communication.
- 6.2 Use of the Internet, district computer networks and computer workstations is a privilege which may be revoked at any time for abusive conduct.
 - 6.2.1 District networks are a shared resource which are the property of the school district and, as such, may be subject to district-authorized search to ensure the integrity of the network and compliance with policies and laws.
 - 6.2.2 In addition to the district's standard consequences for student misbehavior (see Administrative Regulation 503.3AR, Student Behavior Expectations and Consequences for Misbehavior), any network misuse or illegal activities will result in temporary or permanent cancellation of network privileges, contact with the student's parent or guardian and, if a violation of law has occurred, contact with law enforcement authorities.
 - 6.2.3 In response for the privilege of accessing the Internet, every Internet user has the responsibility to respect and protect the rights of every other user on the Internet, and to act in a responsible, ethical and legal manner. The administration shall develop regulations for student use of the Internet.

- 6.2.4 Network users should not assume that stored data and files are private. Network storage will be treated like school lockers. Network administrators may review files and communications to maintain system integrity and ensure that users are utilizing the system responsibly. Any such review shall be limited by the requirements of Minnesota Statute 13.32, subd. 14 and other applicable law.
- 6.2.5 Access to the Internet is given to students who agree to act in a considerate and responsible manner.
- 6.3 Students, employees and parents are advised that the Internet contains inappropriate material. The district does not condone the access or use of such materials in the school environment. Students who knowingly bring such materials into the school environment on their own initiative, regardless of format, will be dealt with according to standard district discipline policies. The district reserves the right to revoke access to the Internet for student misuse.
- 6.4 In accordance with federal law, the district attempts to block or filter Internet access to visual depictions that are obscene, pornographic or harmful to minors.
- 6.5 Concerns from students, parents and guardians about Internet or other computer network information that is assigned to a student by a teacher or is otherwise part of teacher-led or directed instruction will be handled in the same manner as concerns about other instructional resources used in District 196. Policies and regulations regarding instructional resources, including selection and reconsideration, also apply to network resources.

7. Cell Phones

- 7.1 Purpose - The purpose of this policy is to improve academic focus and attainment, minimize the negative impact of cell phones on student behavior and mental health, and to create a distraction-free learning environment that fosters stronger student-teacher and student-to-student relationships.
- 7.2 Limits and Expectations—District 196 limits student possession and use of cell phones in schools. Students are also prohibited from using a cell phone to engage in conduct prohibited by school district policies, including, but not limited to, cheating, bullying, and harassment.
 - 7.2.1 If brought to school, cell phones should be kept off and out of sight during the instructional day except as authorized by a teacher for a specific curricular or instructional purpose, or as permitted below:
 - 7.2.1.1 High Schools may permit students to use their cell phones during passing time and lunch and before and after the instructional day provided that they are used in a nondisruptive manner consistent with school district policies and regulations.
 - 7.2.1.2 Middle and elementary schools require cell phones to be off and out of sight during the instructional day (including during passing time, recess, lunch and field trips), but may permit students to use their cell phones before and after the instructional day provided that they are used in a nondisruptive manner consistent with school district policies and regulations.
 - 7.2.2 Cell phones are never allowed to be out or used in bathrooms or locker rooms.
 - 7.2.3 The school board directs the schools to establish and communicate specific rules and protocols consistent with this policy.
- 7.3 Consequences for Violations
 - 7.3.1 Students who are in violation of this and other school district policies, regulations, rules or protocols may be subject to disciplinary action pursuant to the school district's

discipline policy, 503.3AR, Student Behavior Expectations and Responses for Behavior and school specific rules and protocols.

- 7.3.2 Students who are in violation of this and other school district policies, regulations, rules or protocols may have their cell phone confiscated by school staff. Cell phones that are confiscated by a school will be returned in accordance with school building rules and protocols and parents or guardians may be required to retrieve them from school. In appropriate circumstances in which criminal behavior is suspected, a confiscated cell phone may be provided to law enforcement.
- 7.3.2 In some cases, students may lose the privilege of bringing a cell phone to school or may be required to turn their phone in at the school office at the beginning of the day and pick it up at the end of the day.
- 7.4 Searches - If the school district has a reasonable suspicion that a student has violated a school policy, rule, or law by use of a cell phone, or that a cell phone contains evidence of such a violation, a school administrator may search the cell phone. The search will be reasonably related in scope to the circumstances justifying the search.
- 7.5 Risk of Loss - Students who bring cell phones to school do so at their own risk. District 196 assumes no responsibility for theft, loss, or damage of a cell phone brought to school and will not assume responsibility for investigating loss or theft.
- 7.6 Family Responsibilities - Parents and guardians may contact the school office with information a student must receive during the school day or to contact a student. Students and their parents or guardians should review this policy and their individual school's rules and protocols regarding cell phones.
- 7.7 Policy Exceptions - Students who require an emergency exception to this policy or a disability-related accommodation related to this policy should contact their building administrator.
- 7.8. Application of Policy to Other Personal Electronic Devices - Students are permitted to possess other personal electronic devices at school at their own risk, but provisions 7.3-7.4 above shall apply to such devices if they are used in a manner that causes a nuisance or to engage in conduct prohibited by school district policies including, but not limited to, cheating, bullying, and harassment.
8. **Patriotic Exercises** – Student appreciation and understanding of the United States of America, the American heritage and democratic ideals are enhanced by ceremonies and other observances.
- 8.1 The Pledge of Allegiance shall be said at every school every school day, and schools shall regularly involve students in activities and programs to increase student understanding of the United States of America and its heritage.
- 8.2 In accordance with the law, individuals who wish to opt out of saying the Pledge of Allegiance or participation in patriotic exercises due to personal beliefs will be permitted to do so and staff and students must respect another person's right to make that choice.
