

# Peak Vista Community Health Centers

## Family Health Center at Mitchell High School

Peak Vista, in partnership with Colorado Springs School District 11, has established a new primary health care facility within Mitchell High School opening December 2019. This new facility offers an integrated care model with medical, dental and behavioral health services.

This health center is approximately 4,850 square-feet of renovated space in the northwest portion of Mitchell High School. This facility is a community-based health center and the first of its kind to serve the students, staff and families of Mitchell High School and their feeder schools, as well as neighborhood residents of all ages.

### Prescription Refills

For Peak Vista patient refills, please call (719) 344-6464.

There is a 72-hour protocol for medication refill requests. Please call your Peak Vista pharmacy to request a refill.

**Please note:** No controlled substances are kept onsite.

### Referrals

Should you require specialty care, we are happy to refer you to qualified community providers and our Volunteer Specialty Center.

When referred to an outside specialty provider, our Navigator staff will contact you regarding your referral by phone or mail. Please ensure we have your correct contact information on file.

**Please Note:** Most referrals take up to two weeks or more to process. We greatly appreciate your patience.
