Session 3: Questions & Answers and Dialog with Board Members

Two LWSD School Board positions will be on the November 2025 ballot: District 3 and District 4. The Board and District will host informational and engagement sessions to share information about what it means to be a Board Member.

School Board Directors are elected by voters in a school district. School districts identify five areas called “director districts” which aim to distribute population evenly across each of the five areas. To run for a school board position, a person must live within the designated area even though the individual will be listed on the ballot for all voters within the school district. School Board members are elected to serve four-year terms.
