

# Free Vaccine Locations for Children

## Vaccines are free for children age 0–18 years in Washington.

- Your child’s healthcare provider is the best place to get vaccines because they do important health checks.
- You can get free vaccines at clinics and pharmacies in the Childhood Vaccine Program.
- Bring your child’s vaccine records to their appointment. Get your records at [MyIRmobile.com](https://myirmobile.com).
- For local pop-up events, visit [tpchd.org/kidsvax](https://tpchd.org/kidsvax).

### Clinic Locations

#### Acts Pharmacy & Healthcare Services
