Be Smart!

Student Proper & Responsible Use of Technology

- This is an avenue to educate
 - Use is determined by teacher discretion
 - Do not record audio or take pics of anyone without express permission
 - Do not touch someone else's Chromebook
 - Do not plagiarize (take credit for another's work)
 - Privacy is not guaranteed; random checks
-

Lessons Learned... so far:

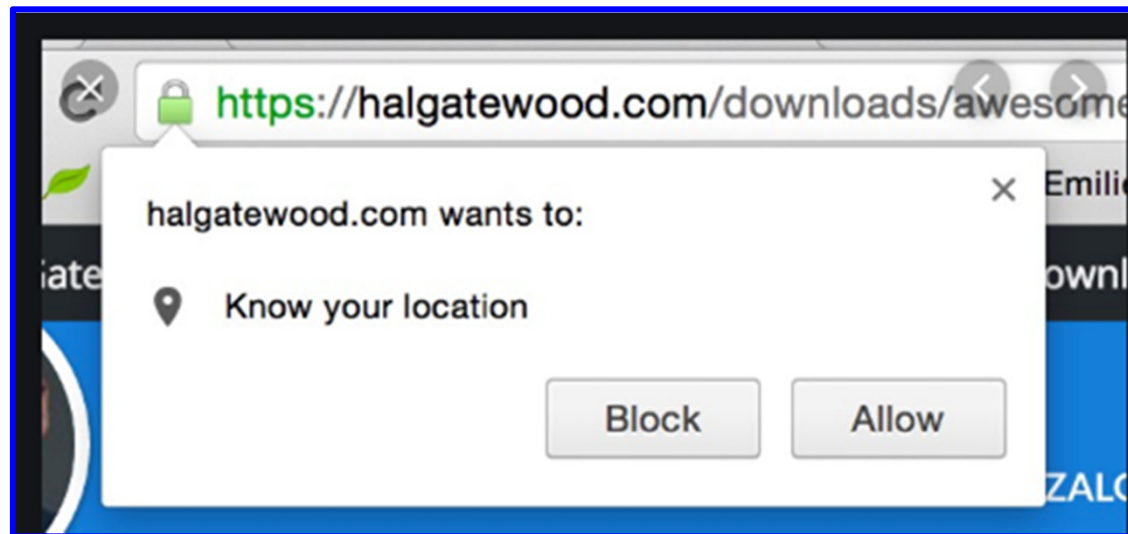

- Don't charge the battery for long periods
 - If it feels warm... turn it off and remove it from the case.
 - Don't put papers underneath the keyboard.
 - If keyboard is damaged, tell your teacher asap.
 - Do not "play with" computer settings
 - TURN IT OFF at least weekly so it can update
-
