Good morning,

Please find answers to the questions that were sent on 3/7/24 regarding Bid 25-B21-24.

1. Section 9. Appendix references the agreement (Appendix A). Could you please confirm whether any attachments are required for this section, given that Section 7 already addresses any exceptions we may have to the agreement?  
**The Appendix A is the sample agreement for information purposes only. This is the document that will be sent to the candidates who are chosen for the pool. No attachments are required.**
2. Are resumes allowed to be submitted in the appendix without counting against the page limit?  
**Resumes or other information are attached as an appendix, it will not count against the page numbers.**
3. Will the table of contents count toward the page limit?  
**The page limitation excludes front/back covers, divider sheets/tabs, and allowed appendices. If the Table of Contents doesn't fall into any of these categories, then it will count.**
4. Would it be acceptable to submit additional relevant materials in the appendix, such as a letter of recommendation?  
**Additional information may be attached as an appendix, it will not count against the page numbers.**

Kind regards,

*Dana Ino*
