DCS P2 Character Trait
for the Week:

Social Intelligence

**THE
POSITIVITY
PROJECT**

Social Intelligence

Social Intelligence includes a person's ability to understand, empathize with, and act on, the feelings, thoughts, and behaviors of other people. Examples of social intelligence include knowing when to talk or listen, what to say, and what to do. Social intelligence is different from a person's IQ or "book smarts." It involves emotional intelligence and self-awareness. Social intelligence helps us build positive relationships.

Each week we will be incorporating different character traits into our daily lessons here at school.
Please click this link to see the Character of the week
