These are the two that have most impacted us to date

UNLEASHING AMERICAN ENERGY

EXECUTIVE ORDER

January 20, 2025

- Pause disbursements of all funding (grants, loans, cooperative agreements, etc.) appropriated through BIL/IRA
- All departments review programs for potential conflict with **Section 2***
- Report to OMB, get okay to resume disbursements

BIL = Bipartisan Infrastructure Law

IRA = Inflation Reduction Act

OMB = Office of Management and Budget

UNLEASHING AMERICAN ENERGY

EXECUTIVE ORDER

January 20, 2025

***Section 2:**

Expresses an energy policy focused on:

- energy exploration and production on Federal lands and waters
- making the US and leading producer and processor of non-fuel minerals, including rare earth minerals
- ensuring an abundant supply of reliable energy in every state and territory
- ensuring energy regulatory requirements are grounded in clearly applicable law
- eliminating policies/practices that favor EVs over gas-powered vehicles (anything designed to limit sales of ICEVs, unfair subsidies, etc.)
- ensuring Americans can choose the lightbulbs, dishwashers, washing machines, etc. they want and promoting market competition

ENDING RADICAL AND WASTEFUL GOVERNMENT DEI PROGRAMS AND PREFERENCING

EXECUTIVE ORDER

January 20, 2025

- Within 60 days [March 21] provide Director of OMB with a list of Federal grantees who received funding to provide or advance DEI, DEIA, or environmental justice programs, services, or activities since January 20, 2021
- Assess the operational impact and cost of DEI, DEIA, and environmental justice programs and policies
- Make recommendations to align all programs (includes grants) with the policy of equal dignity and respect identified in Section 1 of the order

Section 1 includes this statement:

“Americans deserve a government committed to serving every person with equal dignity and respect, and to expending precious taxpayer resources only on making America great.”

Virtually all of them conflict with Ending Radical and Wasteful etc., etc.

JUSTICE40 GUIDING PRINCIPLES

JUSTICE DRIVEN

Resource and focus on disadvantaged communities.

COMMUNITY POWERED

Create systems that achieve transformational change from the bottom up.

ACCOUNTABLE CHANGE

Institutionalize equity and justice into government agency practices, policies, and systems.

Because...
virtually all of them
include Justice40
requirements

What does this look for GPCOG's day-to-day?

1. GPCOG is paid on a reimbursement basis. Most funding portals have been locked at one point. All portals are currently open.
2. Federal contacts have been helpful with sometimes limited information.
3. Language updates of current grants and website.
4. "Typical paperwork" language has been updated.
5. GPCOG continues to diversify its funding sources.

How GPCOG is adapting...

Energy Independence

The Maine Clean Communities Coalition is a locally based government/industry partnership, coordinated by the U.S. Department of Energy and administered by the Greater Portland Council of Governments. Our mission is to expand the use of alternative fuels, advance affordable domestically-produced transportation fuels, and promote energy-efficient vehicle technologies. The program is comprised of fleet managers, business owners, state and local officials, clean fuel providers, and the public interested in promoting the use of clean fuels, clean fuel vehicles and reducing dependence on international fuel sources.
