

e3 Civic High Website Privacy Policy

Thank you for visiting the e3 Civic High [("School")] website and for reviewing our privacy policy. This privacy policy discloses the ways that School website gathers, uses, discloses, and manages a website user's personally identifiable information ("PII").

PII is information that can be used to discover a person's identity. This is information like names, addresses, phone numbers, geolocation data, etc.

Some of School webpages contain online forms that allow you to voluntarily submit PII. In those cases, if you choose to submit your PII using these online forms, we will make every attempt to secure the transfer of your PII and your privacy. School cannot provide a guarantee to the absolute security of your personal information.

School will not sell any student or parent data (or any system data).

School does not sell ads or carry advertising.

School regularly reviews and updates our industry-standard security practices and systems.

If you visit the School website, we will not collect PII about you unless you choose to provide that information through the School website.

If your use of School website is limited to browsing the site, reading pages, or downloading information, the website's operating system will collect limited non-personally identifying information your browser makes available automatically whenever you visit a website.

This information includes the IP address of your computer or network, the date, time, and page you visited on our site, your browser and operating system, and the referring page (the last webpage you visited before clicking on a link to our site).

We use this aggregated anonymous information from all of our visitors to measure server performance and improve the content of our site.

School will track keywords that are entered into its search function to measure interest in specific topics, but we do not associate the keywords with individual users.

Information you provide

Email Communications

If you decide to send School an electronic mail message (email) through our "Contact" form, the message will contain your return email address. If you include PII in your email because you want us to address issues specific to your situation, we may use that information in responding to your request. In other limited circumstances, we may be required by law to disclose information that you submit. We take appropriate security measures to secure against interception of email.

However, because we cannot provide a guarantee of absolute security of PII sent via electronic means, we advise you to include only the information necessary for Alpha Public Schools to process your request.

Mobile Communications

If you provide School with your mobile number to receive text messages from School via Parent Square, SchoolMint or Zoom, you have provided your express consent to receive such text messages.

With your prior written consent, we may use your mobile number to send you promotions, notifications, or other services.

You have the right to revoke your consent by notifying School in writing. Please send your request to Maria Gibson, Director of Operations mgibson@e3civichigh.com

Contact Form

In addition, information volunteered by you through your filling out of our optional contact form is used to help us enhance our websites and may be shared with School employees and contractors for that purpose.

School does not give, share, sell, rent, or transfer any personal information to a third party.

You can change your personal information by emailing us.

However, because School uses SchoolMint as the portal for its application and enrollment process, and thus SchoolMint will be receiving and storing information that you provide to School, please also review PowerSchool privacy policy prior to providing any PII through PowerSchool, which can be found at: www.powerschool.com/privacy-legacy-070115/

Third-party websites and links

School website includes links and search capabilities to navigate publicly available information from the websites of outside agencies, organizations that are not part of School and over whom School exercises no control.

Please review the privacy policies and procedures described that apply to third-party websites prior to interacting with the site.

We suggest contacting these sites directly for information on their data collection and distribution policies.

Cookies

On certain School web pages, “cookies” are used to help with interactive usage of the site. A cookie is a small file that a website transfers to your hard disk, usually to keep track of you while you are connected to that site.

The cookies on School website only collect information about your browser session. The cookie makes it easier for you to use the dynamic features of these web pages, without having to provide the same information again and again as you move from one page to another. To protect your privacy, be sure to close your browser completely after you have finished conducting business with a website that uses cookies. If you are concerned about potential use of information gathered from your computer by cookies, you can set your browser to prompt you before it accepts a cookie. Most Internet browsers have settings that let you identify and/or reject cookies.

Site security

We monitor network traffic to identify unauthorized attempts to upload or change information or to otherwise cause damage to the site. Anyone using this website expressly consents to such monitoring.

We take appropriate security measures to protect unauthorized access, alteration or destruction of data.

How does our site handle Do Not Track signals?

We honor Do Not Track signals and Do Not Track, plant cookies, or use advertising when a Do Not Track (DNT) browser mechanism is in place.

Contact Information

If users have any questions or suggestions regarding our privacy policy, please contact us at: 619-546-0000

You will be notified of any Privacy Policy changes on our Privacy Policy Page.
