International Festival

Dear USDD Families,

We are in the beginning stages of planning our 3rd Annual International Family Festival. We hope this event will help us celebrate even more cultures to keep the learning going for our students and families. We plan to have ethnic food trucks, vendors, and music. It should be a great night of learning in various ways.

One of the highlights from the event are the "Table Tours". The "Table Tours" are a time when families from all of our schools can share information about their culture or country in order to educate our guests. Each person, student or family will be able to bring in various artifacts, food, clothing, pictures, maps and anything else that will help guests catch a glimpse into another person's unique background.

We hope you will consider joining us for this event!

Here is some information to know:

WHAT: "International Family Festival"

WHEN: Friday, May 9th from 4:30-7:00

WHERE: Heritage Elementary, 1250 Swan Road, DePere

Set-up time will be between 3:00-4:00. *You may pull up to the curb to unload, but then we will need you to park in the parking lot.*

If you are interested in setting up a table at the USDD International Family Festival, please contact Leeann Busse @ lbusse@depere.k12.wi.us.

We appreciate the time to consider this invitation to help our students and families learn about the great cultures in the community.

Best regards,

If you're unsure if you ordered a yearbook, search your email for a receipt from 'Herff Jones' and make sure it notes a 2024-2025 yearbook order. **Online sales end April 1st.**

Hope Squad

Hope Squad is a school-based peer support team, made up of students who are nominated by their peers, that partners with local mental health agencies. Research shows that children and young adults who are contemplating suicide are more likely to reach out to their peers than the adults in their lives. In this way, Hope Squad members are the "eyes and ears" of the school building – monitoring for warning signs of suicide and helping to connect their peers with staff members who can offer the appropriate resources in times of need. The Unified School District of De Pere has Hope Squad teams at Foxview, DPMS, and DPHS.

Fall schedule will be available by May 2025

Teens can obtain a permit in WI at age 15.

- Teens will not be allowed to apply for their probationary license until they are at **least 16 years old, hold their permit for at least 6 months ticket free, practice hours of at least 50 hours and 10 of those at night, and have completed all of driver education (classroom and BTW lessons).**
- Another change is that the **permit will be good for 18 months** instead of 12 months. All 16-17 year olds **will have to take the road test.**
- The new law changes the number of practice hours required during the permit phase, it changed from **30 hours to 50 hours.** The DMV does not collect the practice driving record when teens go for their road test however they may ask to see it or the **Road Ready app** which also tracks practice time.
- Your teen should work toward at least *100 hours of practice with 30 of those at night* based on national recommendations put forth by AAA Foundation research in order to give novice drivers more experience before licensing (shows it reduces crashes after licensing). Our common goal for everyone is to have fewer crashes, injuries, and fatalities involving teens and all other drivers. Use of the Road Ready app is a great tool for them to track their progress of practice hours.

Who is eligible to enroll? Any student who is 14 years/10 months to 18 years old. Sign up information is located on the De Pere High School webpage under the "Students" tab under the Driver's Education link. You could also go to <http://cesa2.com> to access information regarding Driver's Education at De Pere High School.

If you have any **questions or concerns** you can **contact Lori VandenBergh** at lvandenbergh@depere.k12.wi.us or call **920-366-0651**.

Individual Campus Tours are great for students that have a specific area of interest (such as Health Sciences, Business or Trades). Students can see what that work environment might look like and learn a little more about the careers within that area.
