Dear Parents,

I hope this letter finds you in great spirits! We are thrilled to share that we are now accepting applications for rising 6th graders eager to join our exceptional STEM Program. If you would like your child to be considered for this exciting opportunity, please fill out the application and return it to your child's elementary school by **Wednesday, March 19, 2025.**

Our STEM Program is thoughtfully designed to ignite curiosity and foster a passion for learning in Science, Technology, Engineering, and Mathematics. Through immersive hands-on projects, collaborative learning experiences, and real-world problem-solving challenges, your child will develop critical thinking skills that are essential for future success in today's rapidly evolving world. Our aim is to equip students with the knowledge and skills they need to thrive in STEM fields and beyond.

We are also delighted to invite you to a STEM Academy Interest Meeting on **Thursday, March 27, 2025, at 5:00 p.m.** This engaging session will take place at Sweetwater Middle School and promises to be an excellent opportunity for you and your child to explore the remarkable offerings of our STEM Academy. Our dedicated staff will be on hand to answer any questions you may have about the program, its curriculum, and the invaluable experiences it provides.

As a special highlight, we will be hosting a STEM Showcase during the meeting, featuring impressive projects and activities created by our current STEM students. This showcase will give you a firsthand glimpse into the innovative and inspiring world your child can be a part of.

We firmly believe that the STEM Academy offers a unique and enriching educational experience, and we cannot wait to share this opportunity with you and your family.

Should you have any questions before the meeting, please don’t hesitate to reach out to me via email at Alfred.Porter@gcpsk12.org or phone at 770-806-7819.

We look forward to seeing you there!

Warmest regards,

Dr. Alfred Porter
STEM Assistant Principal
