West Ouachita Basketball is currently looking for student athletes who are going to show out in the classroom and put our sport back in the Newspapers. The Lady Chiefs went a consecutive 10 years making the LHSAA State playoffs in 2012-2022. We are working to get the program back to this. This 2024-2025 season we made it back to the playoffs. Our team is made up of athletes from all other sports (Cheer, Volleyball, Softball, and Track). The only sport that conflicts with Basketball is Soccer since they are in the same season. We encourage multi sport athletes to join our program and a schedule will be worked out so athletes can succeed in every sport they want to play.

Time Commitment to the Lady Chiefs Basketball Program
