Learning Experience

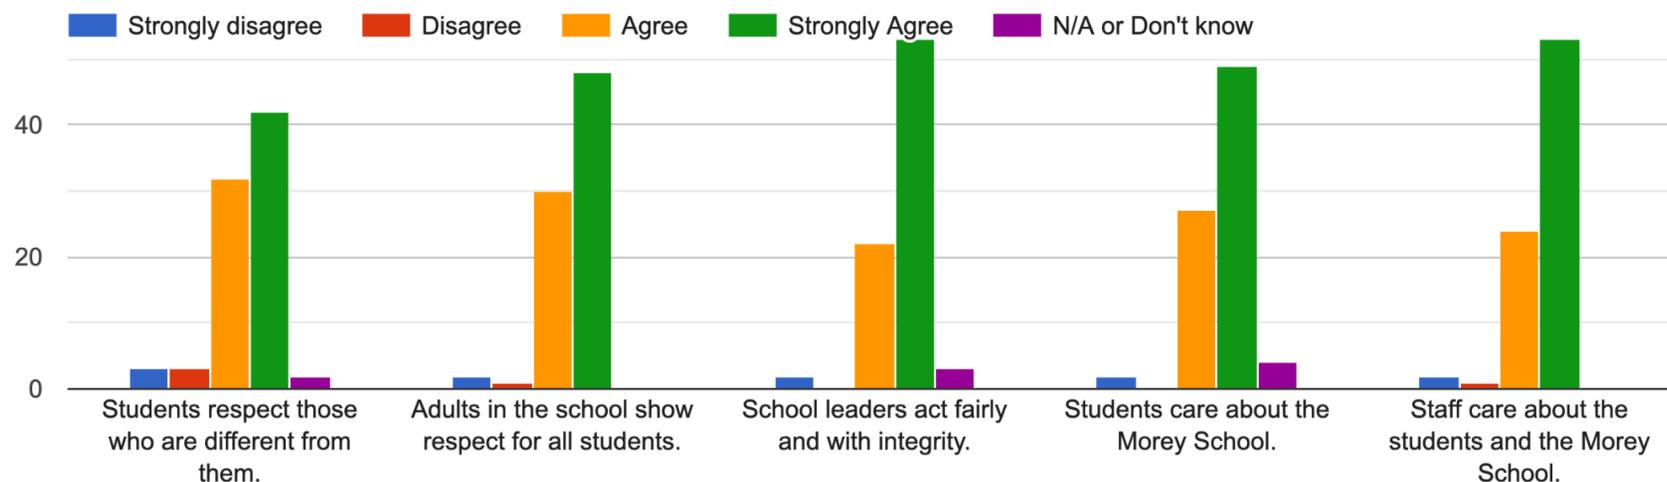

Comments About Learning Experience:

- My children absolutely love the Morey.
- My son is happy to go to school this year compared to past years where he has fought to go to school.
- Staff members always will to help improve their students
- I feel like there should be more learning field trips
- The learning experience is good and I personally like it.
- My son is always coming home with new facts. Thank you for everything
- The kids enjoy learning and have fun

- The teachers at the Morey are amazing! They make sure our children are excelling in all aspects. I have noticed a stress free environment at the Morey! Thank you to all the teachers and staff who make my children feel loved and safe while learning everyday!
- My son likes going to school and his math is improved a lot.
- I truly feel the teachers & staff at the Morey care for our children. Thank you.
- Thank you for taking care of my child. I appreciate all of you
- It's very clear the staff is giving 100% and truly cares about the education and well being of the students.
- Would the school think about bringing cursive writing back or is that being taught now?
- My child goes to school and he love his school. I ensure my child is at school everyday and he says he had a great day he tell me what he did and what he learn but then when the grades come home everything is below proficiency. As a parent I have ask multiple time what can I do to help him improve but the answer I get is just keep been the parent keep your child happy at home we will take care of the learning. So if that is the case why is my child always below the curve. I think as a concern parent that if my child is not doing what he is supposed to something needs to change. Or something needs to get done to help him get better and not fail. As a parent that care unconditionally for her child it makes me like a failure when he comes home and he is not even meeting expectations and I haven't heard anything was wrong.
- My daughter has learned a lot since she started attending school and learning English
- My child has improved a lot since she started first grade.
- The school has helped to teach the students well.
- The teacher does everything possible for my son to learn and achieve the best result.
- My daughter has made excellent progress even with her limitations. Every day I notice a change, thanks to the Morey School team.

Relationships of Staff and Students

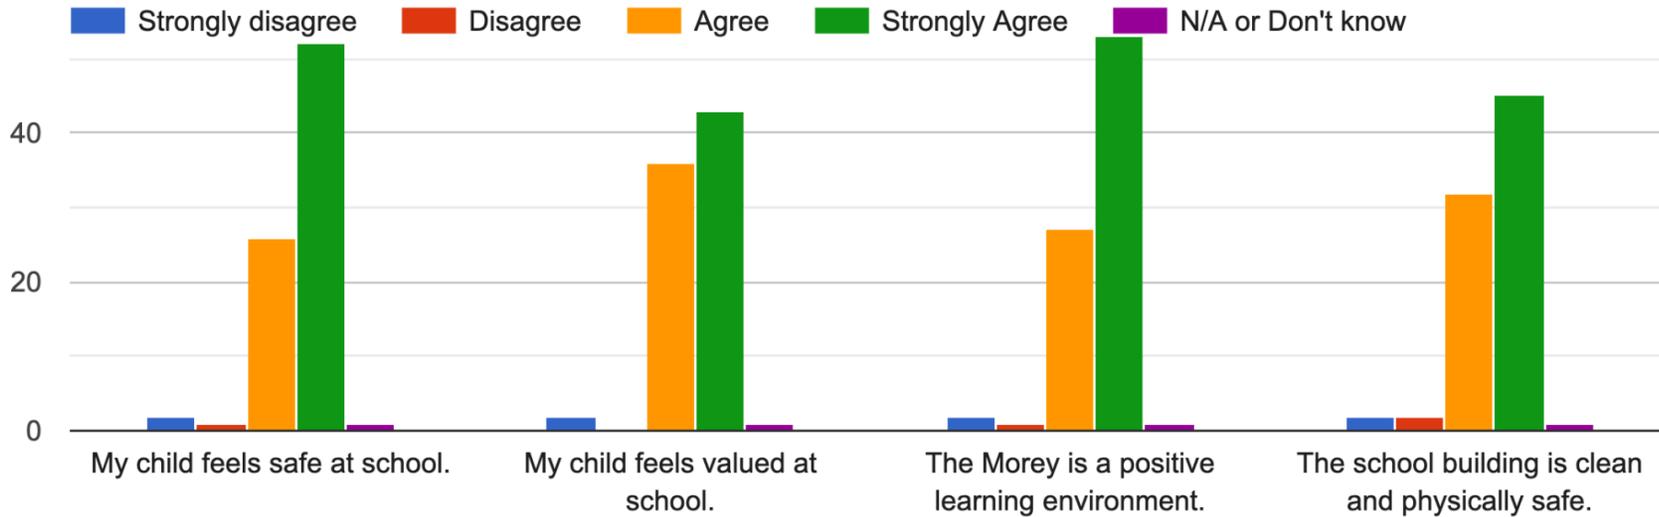

Comments about Relationships of Staff and Students:

- A certain staff member (Dr. McLaughlin will speak directly with that person.) is rude and not welcoming at all
- The bond between staff and students, I am at awed with
- The staff are good with students but you should help students make their friends because some of the students are shy. Like my child because she is new and shy but she wants to make some friends.
- Everyone is always so helpful.
- The staffs of Morey are very friendly
- The teachers and staff make you feel at ease leaving your children here everyday. Our kids feel just as comfortable with the teachers and staff as they do with family.
- Friendly, helpful
- A teacher has called my son a baby because he was upset.

- Overall great however I do hear comments from my child on how other kids behave. I realize this is common at this age, we should continue to promote openness and respect to the children towards each other.
- I find that kids can be cruel. Especially if they are emulating what they hear and see at home. When another child doesn't fit in that small world view they can be quite judgemental and say things they don't always recognize as mean. I think the teachers try to circumvent these things as much as possible but kids tend to be sneaky.
- In my experience the teachers create great, caring student/teacher relationships.
- The Morey School have the greatest staff like Dr Kate and Ms. Whitlock two very strong, caring and amazing Principal and Assistant Principal. And Mrs Gabriel an amazing Social Worker and support.
- everyday when I picked them up they always talked about their teachers & what they do in class
- Great results!
- Awesome faculty.
- Excellent.
- It is with great affection and tenderness that I speak about this school that welcomed my child with great love, from the beginning. Wonderful Team!

School Environment

Comments About School Environment:

Strongly recommend

School's environment is nice for students and they have a good impact on their self and feel confident.

Always feel safe and comfortable at the morey

Clean and great place to learn

Mouse poop everywhere. Needs to be cleaned up on a regular basis.

Nearby neighbor can simple to their part by picking the trash and removing snow when kids are in session.

I appreciate the protocols the Morey has in place regarding safety. Locking the doors and ensuring visitors buzz in is assuring. The email earlier in the year regarding the people trying to gain access should be commended to. Dr. McLaughlin was prompt with her message and transparent which put me at ease - great job team!

The school do have great security and safety procedures in place.

Thank you for keeping the children safe.

I'm noticed that after snow on the side walk is not really clean at the side door for kindergarten and 1 first grade.

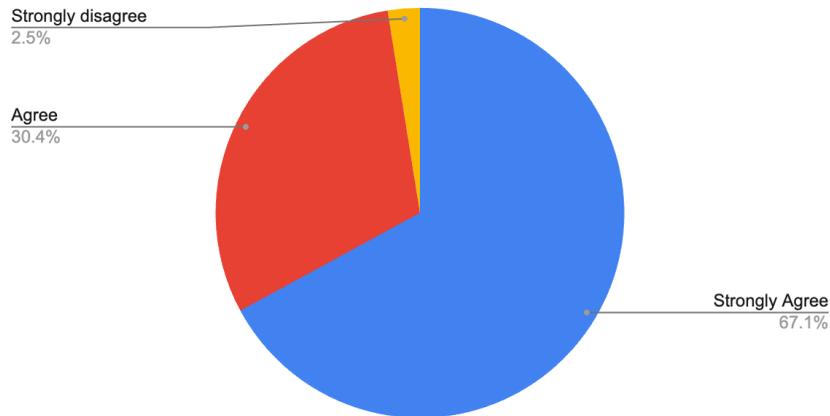

Please help the school to clean and sprinkle the sidewalk when the snow has already fallen to avoid the slippery walk of students as well as parents picking up their children at school. And I would like to ask the school to help solve the roofing problem at gates 3 and 4 to make it easier for students and teachers when they come out and wait for their parents to pick them up when it is raining or snowing. Original. I hope the school will be able to accommodate all these requests. Thank you

Please help clear the snow around the sidewalk.

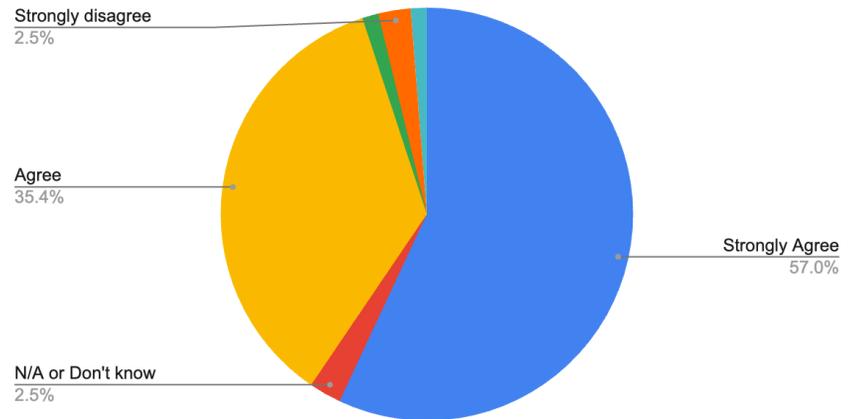

My son is afraid of school because a child hit him every few days.

Excellent

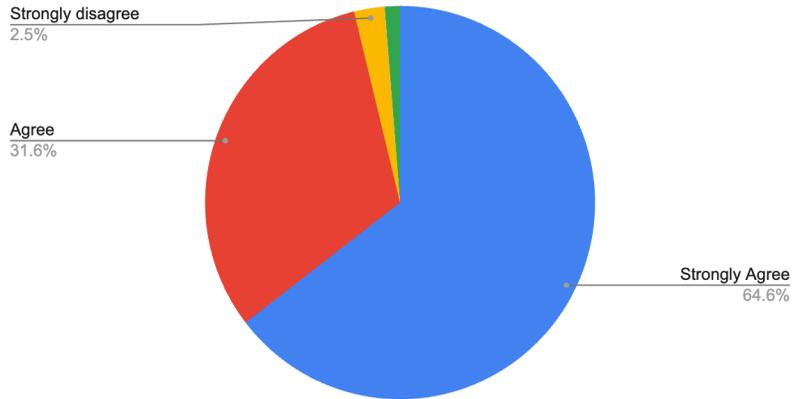

Home-School Relationships: I am informed of important school information.]

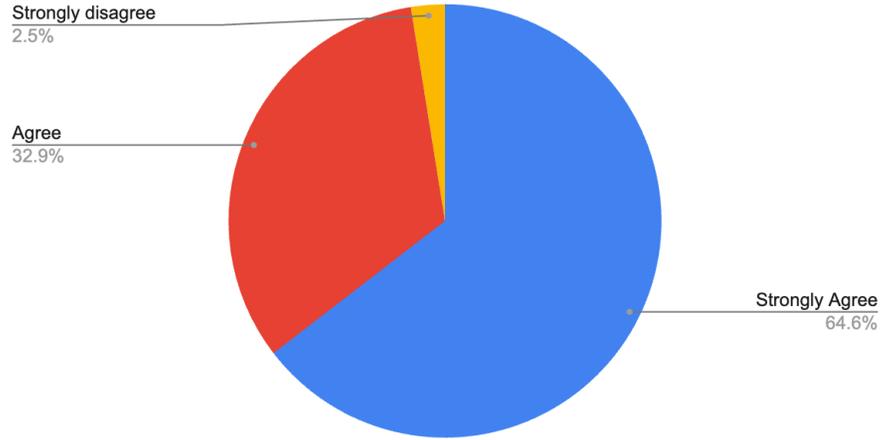

Home-School Relationships: I feel my input, concerns, and questions are valued.

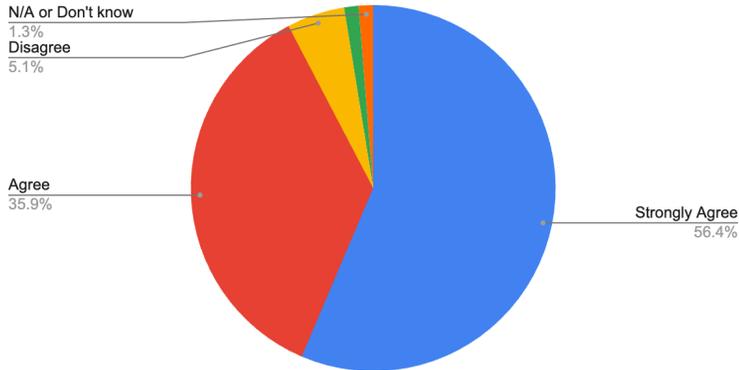

Home-School Relationships: I feel welcome when I visit the Morey School.

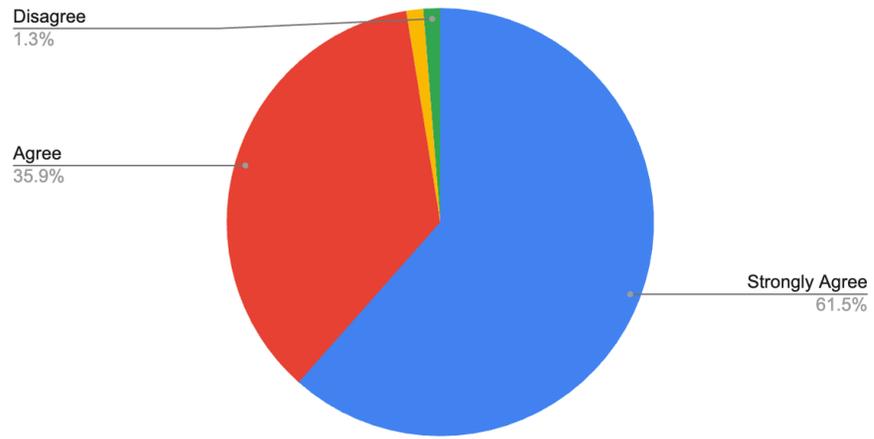

Home-School Relationships: It is easy to contact the teachers and school leaders.

Home-School Relationships: I am invited to be involved with school groups, like the PTO or School Site Council.

Home-School Relationships: There is frequent, two-way communication between the school and families.

Comments About Home-School Relationships:

- I wish there was a stronger PTO
- Very informative and quickly contacted
- It is easy to stay in contact with teachers and school leaders specially because of class dojo.
- I think more communication on what the kids are learning/ how my child is doing can improve.
- Great
- I knew what lessons of math my son studied at school because there was a book sent home but I didn't know what he studied other subjects at school so I couldn't follow up his improvement such as writing, art, speaking etc.
- PTO is immediately after the school day making it accessible for some but not all.
- Safety is priority.
- Very good, thank you
- Excellent
