FACILITIES MASTER PLANNING: PHASE TWO

Initial Draft Options Survey Results Overview

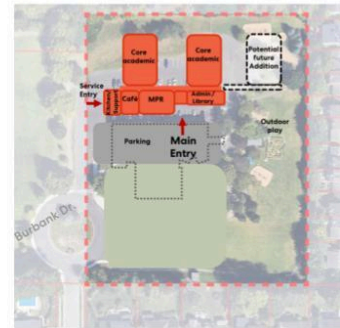

Burbank Early Childhood School

Repair \$13,732,600
TBD Mills

Renovate \$TBD
TBD Mills

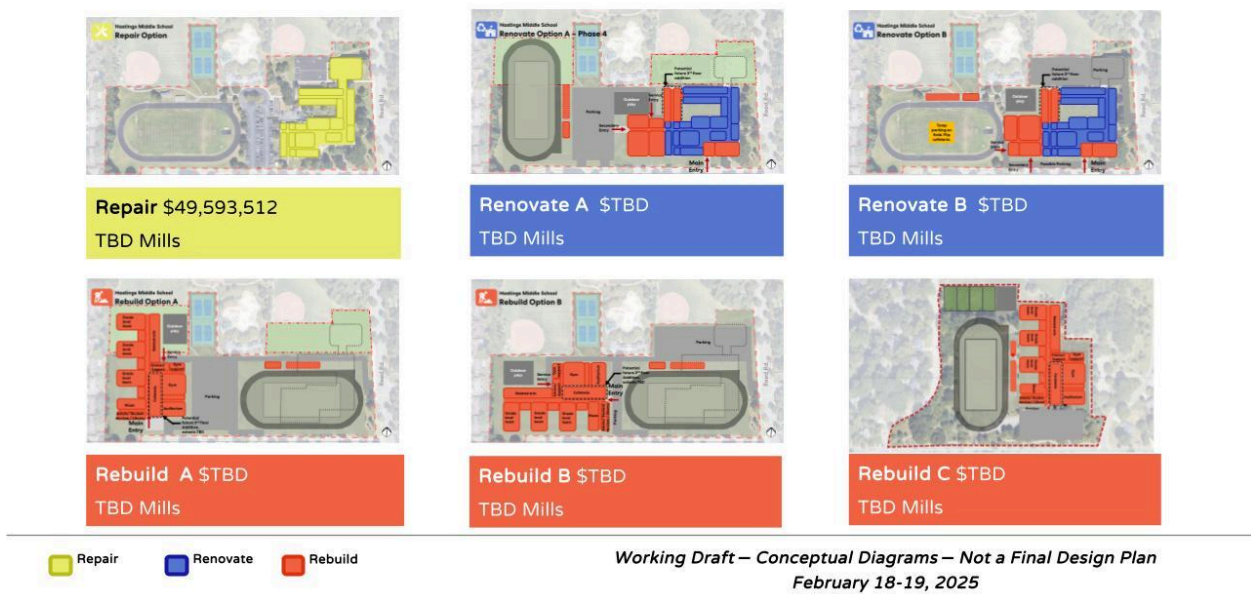

Rebuild \$TBD
TBD Mills

■ Repair ■ Renovate ■ Rebuild

*Working Draft – Conceptual Diagrams – Not a Final Design Plan
February 18-19, 2025*

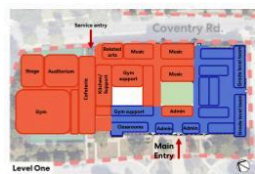

Option	General Sentiment	Main Reasons For	Main Concerns
Repair	Mixed (slightly more negative)	Lower cost, avoids tax burden, still functional	Short-term fix, building limitations, long-term costs may be higher
Renovate	Split (somewhat positive)	Balanced approach, modernizes without full rebuild, less disruption	Potential high costs, difficulty modernizing an old structure
Rebuild	Mixed (leaning positive)	Best long-term solution, modern facilities, better for students	High cost, taxpayer concerns, necessity of a standalone early childhood school

Hastings Middle School

Option	Sentiment	Main Reasons For	Main Concerns
Repair	Mostly negative	Lower cost, avoids tax burden	Not a long-term fix, outdated infrastructure
Renovate	Mixed to slightly positive	Balanced approach, improves facilities without total rebuild	High potential costs, may not address fundamental issues
Rebuild (on current site)	Mostly positive	Best long-term solution, modern facilities, traffic flow improvements	High cost, student displacement concerns
Rebuild at Thompson Park	Mixed to negative	More space, potential traffic improvement	Loss of parkland, impact on neighborhood, unclear land swap details

Jones Middle School

Repair \$40,366,568
TBD Mills

Renovate A \$TBD
TBD Mills

Renovate B \$TBD
TBD Mills

Rebuild \$TBD
TBD Mills

■ Repair ■ Renovate ■ Rebuild

*Working Draft – Conceptual Diagram – Not a Final Design Plan
February 18-19, 2025*

Option	Sentiment	Main Reasons For	Main Concerns
Repair	Mostly negative	Lower cost, minimal disruption	Short-term fix, outdated infrastructure
Renovate	Mixed to slightly positive	Balances history with modernization, less costly than rebuilding	Could be expensive, may not solve long-term issues
Rebuild	Mixed to slightly positive	Best long-term solution, modern facilities, better space utilization	High cost, historic facade concerns, student placement
Preserve Facade	Mostly positive	Maintains community identity, historic significance	Added cost, may complicate new building design
