VILLAGE life
IN EL DORADO HILLS

February 5, 2025

On February 5, students throughout El Dorado County joined over two million children across 80 nations in exploring their creativity through play as part of **Global School Play Day**, a grassroots movement encouraging schools worldwide to dedicate a full day to unstructured play.

Silva Valley Elementary School and Valley View Charter Montessori organized engaging activities designed to spark imagination, teamwork, and problem-solving, reinforcing the power of play in learning.

Tori Newman, a TK teacher at Silva Valley Elementary, shared, “This is my sixth year participating after seeing the need for unstructured play opportunities for kids. Throughout the day, I had many kids come up excited to tell me they made a new friend in our class. It is always amazing to see children explore and problem solve without structured games and adult direction.”

With another successful Global School Play Day in the books, local educators and students are already looking forward to next year’s event. The enthusiasm from students, teachers, and families highlights the undeniable benefits of unstructured play in the classroom. Aligned with EDCOE’s core value of collaboration, this event fosters teamwork, creativity, and problem-solving; skills that extend far beyond the playground. As more schools join the movement, the hope is that playful learning will become a lasting part of the educational experience.

Rolling Hills Kitchen Remodel & Expansion Project is officially getting underway!

With the implementation of California's Universal Meal Program (UMP), students are offered free breakfast and lunch at school. As a result, more students than ever are selecting school-provided meals. This project will expand the Rolling Hills kitchen by approximately 600 square feet and provide updated equipment and a more efficient food service experience for students.

Project Timeline

- Construction Start Date: Week of February 17, 2025
- Completion Deadline: July 22, 2025

Project History and Bidding Process

The District had hoped to accomplish this project last year; however, in January of 2024, the initial bids came in well above budget, and the Board determined that it would be best to postpone the project. When the District put the project out for bid a second time, we were pleased that the lowest responsible bidder came in lower by nearly \$500K. The total cost of the project will be \$1,740,000.

Project Funding and Fiscal Responsibility

Funding for this project will come from designated construction funds, including Fund 25 and Fund 35, ensuring no impact on the District's General Fund. This strategic allocation allows the District to make necessary improvements without reducing the availability of funding for student programs.

Project Scope and Enhancements

The Rolling Hills Kitchen Remodel & Expansion Project aims to expand the existing kitchen space from 478 square feet to 1,006 square feet. The remodel will include significant upgrades, ensuring compliance with accessibility requirements and modernizing meal service capabilities. Key improvements include:

- Expansion of the existing kitchen by removing and reconstructing exterior walls.
- Structural, electrical, mechanical, and roofing modifications.
- Upgraded kitchen equipment and interior/exterior wall finishes.
- New serving area featuring modern hot/cold serving counters and pass-thru serving refrigerators.
- Expanded dry storage area with new shelving.
- Installation of an 80" digital menu board.
- Addition of a new drinking fountain with a bottle-filling station.
- Substantial path-of-travel accessibility upgrades and restroom accessibility improvements.

We are excited to see this project underway, as it will enhance the breakfast and lunch service experience for our students while providing valuable support to our food service staff.
