TUITION INFORMATION

- Once the commitment is made, the school relies on your child's enrollment for planning purposes, including staffing, resources, and class scheduling. If your student is withdrawing, that must be done in writing to avoid financial obligations.
- FACTS Management handles payment plans for the collection of tuition and related fees. Setting up a Tuition Payment Plan through FACTS is due upon enrollment and is required. FACTS allows for payments via bank draft or credit/debit card (a 2.95% convenience fee applies to credit/debit card transactions).
- Registration Fees automatically process once the tuition payment plan is set up in FACTS.
- Tuition does not include all costs that may be incurred by the family. Additional costs include uniforms, school supplies, lunch accounts, high school mission trips, various activities, after school care, Academic Service Program (ASP) and other miscellaneous expenses.
- A \$25.00 fee will be assessed on all returned checks. Late fee will be assessed on accounts paid past June 1. If no payment has been made by August 1, student(s) spot will be released to new students – family will still be responsible for tuition.
- All accounts must be current before re-enrollment can be offered, report cards issued or transcripts released. No exceptions will be made. Students will not be admitted to class unless tuition payments are current.
- Contact the Business Office to request alternate payment arrangements such as check, wire transfer, or 529 Plan payments.
