Fettes College

The gender pay gap is attributable to the range and type of work in the school but the reported gap underpins the fact that employment opportunities throughout Fettes College are available to all and that rates of pay are the same irrespective of whether the work is undertaken by a male or female employee.

Fettes College is committed to ensuring that it is an employer of choice and that all employees are treated with parity in terms of gender and all the protected characteristics as detailed in our Equality & Diversity Policy.
