# STEM & Writing: A Night Filled with Wintertime Fun!

- Families visited various stations to explore different science topics.
- Each student received a journal with writing prompts customized for each station. They also had the option to illustrate their experiences at each station.
- Students from Rahway High School's Science National Honor Society facilitated a station to help families create their own lava lamps.
- The stations featured at STEM & Writing Night were:
  - Ice Cream in a Can
  - Snowflake Geometry
  - Melting Experiment
  - Marshmallow Igloo Building
  - Longest Paper Chain
  - Lava Lamp
  - Imagi Charms (Decoding)
