Every Student Succeeds Act includes:

Protections and services for students experiencing homelessness and ensures enrollment in school. Including access to the same free and appropriate education provided to other children in the District. The District shall provide homeless students with access to education and other services necessary for these students to meet the same challenging performance standards as others.

Homeless Student's Rights:

- Right to continue in the school that the student attended before becoming homeless (school of origin). If it's in the student's best interest.
- Right to receive transportation to and from the school of origin (school student attended before becoming homeless).
- Right to receive support of academic success.

If a dispute arises over school selection or enrollment, the child/youth must be immediately enrolled in school in which he/she is seeking enrollment, pending resolution of the dispute. Enrollment is defined as "attending classes and participating fully in school activities."

The school must refer the student, parent or guardian to the Local Educational Agency's homeless liaison to carry out the dispute resolution as soon as possible. A written explanation of the school's decision regarding school selection or enrollment decision, including the right to appeal. If the dispute remains unresolved at the district level or is appealed, then the district homeless liaison shall forward all written documentation to the homeless liaison at the County Office of Education. If the dispute remains unresolved or is appealed, the County Office of Education homeless liaison must forward all written documentation and related paperwork to the State Homeless Coordinator.
