Kindergarten Registration

2025-26 Incoming Kindergarten Registration

It is an exciting time of year as the Issaquah School District begins to reach out to our community in preparation of welcoming the incoming Kindergarten at their neighborhood school. The Issaquah School District offers full day Kindergarten at no cost to all students. If you have a child who will be a kindergartener for the 2025-2026, **please visit the [ISD New Student Enrollment website](#)**. Students who are turning 5 years old by August 31, 2025, are eligible for enrollment for the 2025-2026 school year.

Schools plan to meet with incoming Kindergarten families in February and March 2025. Schools will share this information in their electronic bulletins and on their website. Connect with your neighborhood school for more details about that meeting. This meeting will prepare families to complete the online registration. Registration begins March 12, 2025. Please visit the [ISD New Student Enrollment website](#) to begin your incoming kindergartner's registration. Once the online portion is complete, you will work with your neighborhood school to complete the enrollment process. *If you cannot access the online application, please call or visit your neighborhood school for assistance.*

- *Please Note: Students in the **Early Childhood Education (ECE) Program, SLP Program, Early Childhood Education & Assistance Program (ECEAP), Transition to Kindergarten (TK)** and those **previously evaluated by Special Services (ex. Childfind)** must still complete the online kindergarten enrollment process to register for kindergarten. Please start the process as though you are a new student to the Issaquah School District.*

School offices are open from 8:30 a.m. – 4:30 p.m. to assist you. Please note for your convenience, arrival and dismissal times are very high traffic times for the school office. Picking up or submitting required documents at this time may result in longer wait times.

All incoming kindergartners are registering at their neighborhood school. The Issaquah School District doesn't allow for families to choose the school their students attend. Your neighborhood school is determined by your home address.

Don't know your neighborhood school? The ISD Transportation Department will be able to assist you in identifying your neighborhood school. Contact [Transportation](#) (email) Transportation-Enews@issaquah.wednet.edu or (phone) 425-837-6330.

All students who are 5 years old by August 31st and live within the district boundaries can be enrolled in the Issaquah School District schools.

Students with summer birthdays (2025) may wait and enroll in K in 2026 based on parent preference.)

Kindergarten Transportation

New kindergarten students are invited to ride a school bus at Kindergarten Bus Rides during the summer. This popular event gives students and parents a chance to learn about school bus safety and etiquette, meet some of the bus drivers and take a ride on a school bus. Visit our [kindergarten transportation webpage](#) for more information.

New Student Enrollment is now open for the 2024-2025 School Year only. Enrollment for the 2025-2026 School Year will begin on March 12, 2025.

The Issaquah School District utilizes an online application process to enroll new students. This process is for students not currently enrolled in an ISD school; students in grades K-12 transferring between schools within the district do not need to complete an enrollment application. Prior to using the online application process, families are advised to have the required documents available to upload into the application. You may save as you go and do not have to complete it all in one sitting. The completed application, once submitted online, will be available to the school for approval. Submitted applications will not be approved until all required documents are received by the school.
