David James

Board of Trustees

Tricia Ikard
Steve Cooper
Jarrod Wright
Justin Stinson
James Eubank
Jeremy Norman
Adam Smith

Dear Maypearl ISD Parents and Guardians,

The Maypearl City Fire Chief and the Maypearl City Emergency Management/Police Chief closed Maypearl Primary School today due to the elevated CO2 levels pending the completion of the repairs leading to a resolution. While progress has been made towards identifying issues and making the proper corrections, more work is needed to complete this plan so school will be closed tomorrow.

Campos Engineering recommended the following immediate repairs that would assist the district in optimizing the air quality:

- Motorized outside air dampers were not connected when the units were installed, the recommendation is to connect them to the air handling units (AHU).
- Install larger exhaust fans in restrooms to bring up to current building code.

The equipment necessary to connect the motorized outside air dampers arrived today and technicians are on site installing them. The exhaust fans are being installed as of Thursday, and it requires a roof penetration to make them operational. The plan is to have the work on the dampers completed tonight and check levels in rooms tomorrow. We will work with Maypearl City Fire Chief and the Maypearl City Emergency Management/Police Chief to determine if the building is ready to open on Thursday, and we will send a notification as soon as possible.

We apologize for the inconvenience and appreciate your understanding as we work to complete these recommendations as soon as possible.

Sincerely,

Ritchie Bowling, M.Ed.
Superintendent
